1. Except as provided in the Codes of Civil and Criminal Procedure, or in any other law for the time being in force, no person shall appear, plead or act for another in any Court in the Civil and Military Station of Bangalore, unless he has been enrolled as an Advocate or Pleader under these rules :

Provided that any person accused before any Criminal Court of an offence may, with the permission of the Court, but not otherwise, appoint any person to assist him in his defence :

Provided further that any person, ex-officio or otherwise, authorized to act for Government in respect of any judicial proceeding, may make, and do appearances, acts, and applications, within the scope of his authority on behalf of Government.

2. Advocates and 1st Grade Pleaders enrolled in accordance with the rules heretofore in force shall be deemed to be Advocates and Pleaders respectively enrolled under these rules.

4. Pleaders shall be entitled to appear, plead and act in all the Courts in the Civil and Military Station of Bangalore, whether Civil or Criminal, except the Court of the Resident in Mysore.

5. Notwithstanding anything herein contained, Pleaders of the 2nd Grade enrolled in accordance with the rules heretofore in force may continue to practise in the Courts in which they are entitled to practise under those rules; but for the purposes of Rules 9 to 17

(*c*) An Advocate, Vakil or Attorney of any of the High Courts of Judicature in British India.

8. Every person duly qualified under Rule 6, or 7 may apply to the Court of the Resident in Mysore to be admitted under these rules as an Advocate or as a Pleader as the case may be. The application shall be accompanied by certificates proving the qualifications of the applicant under these rules.

Provided that where the application is for admission as an Advocate, the applicant shall have given at least one month's previous notice in three successive issues of one of the local English news-papers or in such other mode as may from time to time be prescribed by the Resident in Mysore.

9. The Resident in Mysore may suspend or dismiss any Advocate or Pleader enrolled under the foregoing rules, who is convicted of any criminal offence implying a defect of character, which unfits him to be an Advocate or Pleader, or who is guilty of fraudulent or grossly improper conduct in the discharge of his professional duty.

10. If any Advocate or Pleader practising in the Resident's Court or in any Court subordinate thereto, is charged in such Court with fraudulent or grossly improper conduct in the discharge of his professional duty, the Judge of the Court shall cause a formal charge to be drawn up, setting forth concisely and exactly the alleged misconduct, and shall send a copy of the charge to the said Advocate or Pleader, and also a notice that on a day to be therein appointed, such charge will be taken into consideration. Such copy and notice shall be served upon the Advocate or Pleader at least ten days before the day so appointed. On such day, or any subsequent day to which the enquiry may be adjourned, the Court shall receive and record all evidence properly adduced in support of the charge by the Advocate or Pleader, and shall proceed to adjudicate upon the charge.

11. If the Judge is the Judge of the Court subordinate to the Resident's Court, and he finds the charge established, and considers that the Advocate or Pleader should be suspended or dismissed in consequence, he shall record his finding and the grounds thereof, and shall report the same to the Resident's Court, and that Court shall proceed to acquit, suspend or dismiss the Advocate or Pleader.

12. Such report, when made by the Judge of any Court subordinate to the District Court, or by any Magistrate subordinate to the District Magistrate, shall be submitted through the District Judge or through the District Magistrate, as the case may be, who shall append to the report any remarks that he may think necessary and an expression of his own opinion of the case.

13. The District Judge or the District Magistrate may, pending the investigation and orders of the Resident's Court, suspend any Pleader charged before him or before any Court or Magistrate subordinate to him.

14. The Resident's Court, in any case in which an Advocate or Pleader has been acquitted otherwise than by an order of its own, may call for the record and pass such order thereon as it deem fit.

15. The Resident's Court may also direct that any charge preferred against an Advocate or Pleader in any Court subordinate to it, shall be transferred for adjudication to itself or [illegible] Court of equal or superior grade to that in which the charge is preferred.

16. The suspension of any Advocate or Pleader shall be noted in the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.

17. The name of any Advocate or Pleader dismissed under the foregoing provisions shall be struck off the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.

Provided that any person accused before any Criminal Court of an offence may, with the permission of the Court, but not otherwise, appoint any person to assist him in his defence :

Provided further that any person, ex-officio or otherwise, authorized to act for Government in respect of any judicial proceeding, may make, and do appearances, acts, and applications, within the scope of his authority on behalf of Government.

8. Every person duly qualified under Rule 6, or 7 may apply to the Court of the Resident in Mysore to be admitted under these rules as an Advocate or as a Pleader as the case may be. The application shall be accompanied by certificates proving the qualifications of the applicant under these rules.

9. Such copy and notice shall be served upon the Advocate or Pleader at least ten days before the day so appointed. On such day, or any subsequent day to which the enquiry may be adjourned, the Court shall receive and record all evidence properly adduced in support of the charge by the Advocate or Pleader, and shall proceed to adjudicate upon the charge.

11. If the Judge is the Judge of the Court subordinate to the Resident's Court, and he finds the charge established, and considers that the Advocate or Pleader should be suspended or dismissed in consequence, he shall record his finding and the grounds thereof, and shall report the same to the Resident's Court, and that Court shall proceed to acquit, suspend or dismiss the Advocate or Pleader.

12. Such report, when made by the Judge of any Court subordinate to the District Court, or by any Magistrate subordinate to the District Magistrate, shall be submitted through the District Judge or through the District Magistrate, as the case may be, who shall append to the report any remarks that he may think necessary and an expression of his own opinion of the case.

13. The District Judge or the District Magistrate may, pending the investigation and orders of the Resident's Court, suspend any Pleader charged before him or before any Court or Magistrate subordinate to him.

14. The Resident's Court, in any case in which an Advocate or Pleader has been acquitted otherwise than by an order of its own, may call for the record and pass such order thereon as it deem fit.

15. The Resident's Court may also direct that any charge preferred against an Advocate or Pleader in any Court subordinate to it, shall be transferred for adjudication to itself or to any other Court of equal or superior grade to that in which the charge is preferred.

16. The suspension of any Advocate or Pleader shall be noted in the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.

The following rules to regulate the qualification, admission, enrolment, suspension and dismissal of Advocates and Pleaders in the Civil and Military Station of Bangalore, having been sanctioned by the Government of India, are published for general information, in supersession of those published with the Notification of the Resident in Mysore, No. 11, dated 4th January 1896 :—

1. Except as provided in the Codes of Civil and Criminal Procedure, or in any other law for the time being in force, no person shall appear, plead or act for another in any Court in the Civil and Military Station of Bangalore, unless he has been enrolled as an Advocate or Pleader under these rules :

Provided that any person accused before any Criminal Court of an offence may, with the permission of the Court, but not otherwise, appoint any person to assist him in his defence :

Provided further that any person, ex-officio or otherwise, authorized to act for Government in respect of any judicial proceeding, may make, and do appearances, acts, and applications, within the scope of his authority on behalf of Government.

2. Advocates and 1st Grade Pleaders enrolled in accordance with the rules heretofore in force shall be deemed to be Advocates and Pleaders respectively enrolled under these rules.

3. Advocates shall be entitled to appear, plead and act in the Court of the Resident in Mysore and in all Courts in the Civil and Military Station of Bangalore subordinate thereto, whether Civil or Criminal.

4. Pleaders shall be entitled to appear, plead and act in all the Courts in the Civil and Military Station of Bangalore, whether Civil or Criminal, except the Court of the Resident in Mysore.

5. Notwithstanding anything herein contained, Pleaders of the 2nd Grade enrolled in accordance with the rules heretofore in force may continue to practise in the Courts in which they are entitled to practise under those rules ; but for the purposes of Rules 9 to 17 they shall be deemed to be Pleaders enrolled under these rules.

   Provided that where the application is for admission as an Advocate, the applicant shall have given at least one month's previous notice in three successive issues of one of the local English news-papers or in such other mode as may from time to time be prescribed by the Resident in Mysore.

On such day, or any subsequent day to which the enquiry may be adjourned, the Court shall receive and record all evidence properly adduced in support of the charge by the Advocate or Pleader, and shall proceed to adjudicate upon the charge.
11. If the Judge is the Judge of the Court subordinate to the Resident's Court, and he finds the charge established, and considers that the Advocate or Pleader should be suspended or dismissed in consequence, he shall record his finding and the grounds thereof, and shall report the same to the Resident's Court, and that Court shall proceed to acquit, suspend or dismiss the Advocate or Pleader.
12. Such report, when made by the Judge of any Court subordinate to the District Court, or by any Magistrate subordinate to the District Magistrate, shall be submitted through the District Judge or through the District Magistrate, as the case may be, who shall append to the report any remarks that he may think necessary and an expression of his own opinion of the case.
13. The District Judge or the District Magistrate may, pending the investigation and orders of the Resident's Court, suspend any Pleader charged before him or before any Court or Magistrate subordinate to him.
14. The Resident's Court, in any case in which an Advocate or Pleader has been acquitted otherwise than by an order of its own, may call for the record and pass such order thereon as it deem fit.
15. The Resident's Court may also direct that any charge preferred against an Advocate or Pleader in any Court subordinate to it, shall be transferred for adjudication to itself or to any other Court of equal or superior grade to that in which the charge is preferred.
16. The suspension of any Advocate or Pleader shall be noted in the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.
17. The name of any Advocate or Pleader dismissed under the foregoing provisions shall be struck off the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.

1. The following budget estimates for 1897-98 were placed before the Board :—
   1. Consolidated budget estimates of receipts and expenditure for 1897-98.
   2. Statement showing the assets upon which the estimate of local cess has been calculated for 1897-98 (enclosure A).
   3. Details of original works proposed to be executed by the Department of Public Works and the Revenue Department. (*Vide* enclosure B.)
   4. Details of allotment of expenditure on repairs to be carried out by the two departments. (*Vide* enclosure C.)
   5. Details of Civil Charges for 1897-98 (enclosure D).
   6. Statement showing the talukwar estimates of receipts and expenditure. (*Vide* enclosure E.)
   7. Statement of travellers' bangalos and musafirkhanas.

II. *Estimates of Receipts*—(1) The estimate of receipts under one anna cess on land revenue for 1897-98 has been calculated with reference to the several items of land revenue, &c., settled at the jamabandi for 1895-96 (*vide* details given in enclosure A.) The estimate comes to Rs. 73,363. Deducting 24 per cent of this, which is creditable to the Village School Funds, the balance amounts to Rs. 56,104. To this, the 76 per cent of the probable balance of local cess at the beginning of 1897-98, *viz*, Rs. 3,500, is added. Thus out of the total demand of Rs. 59,604, Rs. 59,396 is expected to be collected during 1897-98.

2. The estimates under "Sale of stray cattle," "Fines for cattle trespass" and "Ferry collec-

The opening balance at the credit of the Board on the 1st July 1897 was estimated at Rs. 51,862 as shown in the margin, making a total estimate of Rs. 1,21,700 available for expenditure during 1897-98.

III. *Statement of public works proposed to be carried out by the Public Works Department.*—The estimate of expenditure on works to be executed by the Public Works Department, as approved by the Board, under the different heads, is as follows :—

		Rs.
I.	Original works	20,000
II.	Repairs	20,725
III.	Establishment	8,200
IV.	Tools and plant	200
V.	Reserve grant	6,500
	Total	55,625

Statement of Works to be carried out in the Revenue Department.—The list of works to be executed during 1897-98 by the Revenue Department, as approved by the Board, stands as follows :—

		Rs.
I.	Original works	14,648
II.	Repairs	3,460
III.	Establishment	1,800
IV.	Tools and plant	200
V.	Reserve	1,500
	Total	21,608

Statement of Civil Charges.—The estimate of civil charges amounting to Rs. 27,322 against 18,021 for 1896-97 was approved by the Board. The following are the reasons for the increase of 9,301 over the sanctioned expenditure for 1896-97.

1. An increase of Rs. 210 under "I. Office establishment" to meet the excess contribution of Rs. 66 payable to the establishment maintained in the Dewan's and Comptroller's offices, the increased pay of Rs. 5 per mensem to the Local Fund clerk of this office, and the permanent retention of a 2nd clerk on Rs. 15 per mensem as sanctioned in Government Order No. 6753-5—L. F. 386-92, dated the 12th December 1896.

2. The increase of Rs. 3,051, under "III. Hospitals and dispensaries" is due to Rs. 1,200 having been provided instead of Rs. 900 for Her Highness the Maharani's Hospital at Mysore, the latter sum being inadequate to meet the increased pay of the Lady Surgeon. The pay of the compounders attached to the Local Fund dispensaries having been revised in Government Order No. 13250-1—Mis. 1962 of the 8th June 1896, an increase of Rs. 228 was necessary to meet the existing contingencies. The buildings in which the Local Fund dispensaries at Gundlupet and Sargur had hitherto been held having been taken back by the parties concerned, a provision of Rs. 100 is newly made for meeting the cost of house rent. The subject is under correspondence, and a report will shortly be submitted to Government. The formation of dispensaries at certain places having been sanctioned in Government Order Nos. 1440-8—L. F. 60-95, and 4019—L. F. 60-95 of the 28th July and 22nd September 1896, respectively, a provision of Rs. 1,440 has been made for the establishment charges of dispensaries at the marginally noted three places. As the rate of feeding charges for each dispensary has been raised in Government Order No. 5876-85—L. F. 112-95 of the 23rd November 1896, from Rs. 25 to Rs. 60, there appears an increase of Rs. 440 under this head. A provision of Rs. 283 has been made for the

1. Periyapatam.
2. Saligram.
3. Bannur.

purchase of furniture for the new dispensaries. To meet the grant-in-aid jattappa's dispensary at Mysore, as sanctioned in Government Order No. 132 of the 3rd June 1896, a provision of Rs. 240 has been newly made.

3. The increase of Rs. 450 under "IV. Midwives" is due to the pay of the relievio Krishna- and of a midwife for the Mysore taluk and two scholarships for midwifery pupi-1—1962

4. The 3rd class travellers' bangalos at Chamrajnagar and Kakankote having beer the 2nd class in Government Notification No. 2101-4—Mis. 354 of the 11t midwife 1896, provision is not made to meet the pay of the sweepers attached to them. other hand, provision is made to meet the pay of the sweepers attached to Annajaieised to chattram at Gundlupet, musafirkhana at Bhandipur and the 3rd class traveagust bangalo at Nanjangud, which have since been transferred to the District Funds. A s the of Rs. 296 is provided for the purchase of cooking vessels to musafirkhanas which hav's not been supplied with the sums. The total increase under this head is Rs. 200. s'

5. The increase of Rs. 500 under "VI. Conservancy and sanitary charges" is necessary in order that particular attention may be paid to village sanitation. e

6. The increase of Rs. 3,880 under "Contribution" is owing to the one-third share payal for the construction of in-patient wards at Yedatore and Tirumakudlu-Narsipur and on dispensary buildings at Sargur and Hunsur.

7. As the commission to pound-keepers is calculated at 5 per cent on the receipts from cattle pounds, there is an increase of Rs. 10.

8. An increase of Rs. 300 is necessary under "Destruction of cover afforded to snakes" to afford better protection to people.

9. The expenditure under "Other items" is raised from Rs. 1,000 to Rs. 1,500. The total expenditure under "Civil charges" is Rs. 27,322 against Rs. 18,021 sanctioned for 1896-97, resulting in an increase of Rs. 9,301.

Summary.—The following is a summary of the estimated receipts and expenditure for 1897-98 a passed by the Board:— s

Resolved that the repairs to the existing musafirkhana is unnecessary as such an outlay is not likely to render it substantial, and that it might be sold and a new one be constructed according to the standard plan.

VIII. Read Mysore City Municipal Vice-President's Yadi No. 51 of the 14th December 1896, requesting the approval of the District Fund Board for bearing the two-third cost of the pay of a cook and two attendants for the cholera shed at Mysore with the Civil Surgeon's suggestion that they would be engaged in the Civil Hospital when there is no cholera.

Carried by twelve against one that the establishment recommended was unnecessary and that temporary establishment might be entertained when cholera breaks out.

IX. Read Mr. Ambale Anniayya Pandit's proposal of the 1st November 1896, suggesting that a musafirkhana might be constructed at Chunchinkatte in the Yedatore taluk.

Resolved that the same be approved and a 1st class musafirkhana be constructed.

X. Read letter, dated the 15th December 1896, from the same gentleman, proposing that the Brahmin women might be trained as midwives.

Resolved that arrangements be made to secure two Brahmin women to study for midwifery and budget provision be made for their scholarship at Rs. 10 each per mensem.

XI. Read letter, dated the 15th December 1896, from the same gentleman, proposing that a time should be fixed before which the members of the Board should send in their proposition statement, and that such a statement, after being compiled, should be circulated among all the members.

Resolved that the members be requested to submit proposals to the President a month before the meeting to enable him to circulate the same to all the members so as to reach them at least a week before the meeting.

XII. Read Yadi No. 55 of the 15th December 1896, from the Mysore City Municipal Vice-President, requesting to be informed whether the District Fund Board would agree to bear two-thirds of the establishment charges of a dispensary proposed to be opened at Nazarbadmohalla in the Mysore City.

Resolved that the Board is prepared to bear its quota of charges.

XIII. Read and recorded Government Order No. 5876-85—L. F. 112-95 of the 23rd November 1896, sanctioning Rs. 60 instead of Rs. 25 per annum to meet the cost of feeding in-patients in each of the Local Fund dispensaries.

I. Read the budget estimates of receipts under District Funds for the year 1897-98, of which the following is the abstract :—

	Rs.
(1) Receipt under 76 per cent of one anna cess on Land Revenue as detailed in the enclosure A	32,210
(2) Receipt under all other items	8,575
Total receipt for the year 1897-98..	40,785
Opening balance..	8,420
Grand Total..	49,205

Resolved that the same be passed.

II. Expenditure—

(*a*) All the works provided for under "A. I. Original works" to be executed by Public Works Department in the budget for 1896-97 are expected to be completed before the close of that year and owing to paucity of funds no provision is made in the budget for [illegible] works except for a tunnel in the Holalkere-

(*b*) About two miles of the Chitaldrug station roads opened by the Revenue Department having been transferred to the Public Works Department for maintenance, the total allotment for these roads has been proportionately raised by Rs. 120.

A lump sum of Rs. 1,100 has been provided on account of urgent repairs to be done to some of the third class travellers' bangalos of the district. The total amount of expenditure to be incurred by Public Works Department under "Repairs" as detailed in the enclosure "C. II. Repairs to be executed by Public Works Department" amounts to Rs. 14,500.

(*c*) A sum of Rs. 2,712 is provided on account of the establishment charges on the outlay at 17·5 per cent and a sum of Rs. 100 on account of "Tools and Plant."

Resolved that the expenditure proposed to be incurred by the Public Works Department amounting to Rs. 18,812 be approved.

III. Public Works to be executed by the Revenue Department—

(*a*) A sum of Rs. 1,500 is provided under "Original Works" in order to sanction estimates for well works and in order of urgency and importance.

(*b*) Many of the musafirkhanas of the district are in a delapidated condition and are likely to tumble down if their repairs are not immediately undertaken. A sum of Rs. 2,750 is therefore provided under "Repairs" for the purpose.

(*c*) Rupees 400 are provided under "Establishment" towards the pay and allowance of the mestris employed in the Revenue Department to supervise the works and Rs. 50 under "Tools and Plant."

Resolved that the total amount of expenditure, *viz.*, Rs. 4,700, proposed to be incurred by the Revenue Department be approved.

IV. Civil Charges—

(1) The excess provision under "Hospitals and Dispensaries" is due to the increase of the feeding charges of in-patients sanctioned in Government Proceedings No. 5876-85—L. F. 112-95, dated 23rd November 1896.

(2) The services of a relieving midwife being available, her full pay and allowance is included in the provision under "Midwives." This explains the small increase under this head.

(3) Owing to paucity of funds only a small provision of Rs. 2,500 has been made under "Conservancy and sanitary charges."

(4) The provision of Rs. 2,000 made under "Contribution" is on account of the District Fund quota of the cost of constructing a Local Fund dispensary at Hiriyur and of repairing the dispensaries at Molakalmuru and Jagalur.

(5) The other items call for no remarks.

Resolved that the total amount of expenditure, *viz.*, Rs. 15,693, proposed under "Civil Charges", be passed.

V. Read:—

(1) Resolution No. 11 of the Meeting of the Board, held on 8th August 1896, regarding the construction of a dispensary building at Harihar.

(2) Executive Engineer's docket No. 386, dated 26th November 1896, regarding the construction of a dispensary building at Hiriyur, and

(3) Also Government Proceedings No. 6846—L. F. 159-96, dated 14th December 1896, regarding the musafirkhana at Hiriyur being converted into a dispensary building and constructing a separate cheap musafirkhana for low classes of Hindus.

Resolved that as a dispensary building is more urgently required at Hiriyur than at Harihar the former town be first provided with a new building, and that as the musafirkhana at Hiriyur is unsuited for a dispensary building, it may be left for the use of the travelling public.

VI. Read and recorded—

(1) Government Proceedings No. 5628-30—L. F. 96-95, dated 17th November 1896, sanctioning the revised District Fund budget of this district for the current official year.

(2) Government Proceedings No. 5876-85—L. F. 112-95, dated 23rd November 1896, sanctioning an increased provision of Rs. 60 per annum to meet the cost of feeding in-patients in each of the Local Fund dispensaries of the province, and

(3) Government Proceedings No. 7442-4—L. F. 112-95, dated 24th December 1896, recording the Deputy Commissioner's proposal to raise the grant under "feeding in-patients" in the Local Fund dispensary at Hiriyur be raised from Rs. 25 to Rs. 50 for the current year.

VII. Read Senior Surgeon's letter No. 2864, dated 16th June 1896, stating that he has no objection to the grant of a reward, if the Local Fund Board chooses to give, to B. V. Narasimha Iyengar, Hospital Assistant of Jagalur, for the exceptionally good services rendered by him during the last outbreak of cholera in the said taluk.

Resolved that a gold medal, not exceeding Rs. 50 in money value with suitable inscriptions, be presented to the Hospital Assistant B. V. Narasimha Iyengar for his valuable services.

Notification, dated 19th February 1897.

The exclusive right of transporting passengers, goods, vehicles, animals, &c, and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildar or Sheristadar at each taluk head-quarters, subject to confirmation by the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed, and will, if necessary, be continued on the following days.

3. The ferries will be leased out for twelve months from the 1st July 1897 to the 30th June 1898, both days inclusive.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids the transport, within these limits, of passengers, &c., as aforesaid, and the collection of tolls therefor, except by or on behalf of the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce before the officer conducting the sales one-fourth of the accepted bid, failing which the lease will be re-sold at the first purchaser's risk.

6. The accepted bidder shall, within four days of the acceptance of the bid, execute, in favor of the Deputy Commissioner, an agreement on a stamped paper with two tangible sureties for the due fulfilment of the contract, and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said muchalika to enter into his contract. If the accepted bidder fails to execute and deliver the muchalika, the lease will be re-sold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "tokaras" they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him, on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in nine monthly instalments commencing from July 1897, the deposit being credited to the last three "khists". All payments shall be made into the treasury of the taluk in which the ferry lies.

11. At each ferry a board, showing the rates and the weight to be carried, should be put up in a conspicuous place by the lessee at all times, when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night but are ferried over with expedition.

III. Read Senior Surgeon's docket No. 1507, dated the 2nd December 1896, forwarding for disposal a petition from the waterman of Gudibanda dispensary praying for an increase of pay.

Resolved that the waterman's pay be recommended to be raised from Rs. 2 to Rs. 5 per mensem on condition of his devoting his whole time to the duties of the dispensary and its compound.

IV. Read Executive Engineer's docket No. 444, dated 24th December 1896, requesting payment of the District Fund quota of the estimated cost (Rs. 108) of converting the rear verandah of the dispensary at Mulbagal into a room for the use of Gosha and native ladies.

Resolved that the contribution for the work in question be paid out of the sum of Rs. 1,029 provided under "X. Miscellaneous, Unforeseen expenses" in the current year's budget.

V. Read the proposal of the Dasara Representative members of the Bowringpet, Goribidnur and Bagepalli taluks for the execution of the undermentioned works, *viz.* :—

1. Construction of the tunnel and a road-dam, the former near Budikota where the road is crossed by the Markandeya River and the latter near Bowringpet where it is intersected by a stream.
2. Branch roads to connect the railway stations at Thondebhavi and Goribidnur.
3. A bridge across the Chitravati at Bagepalli.

Resolved that the works referred to in the 1st para are costly and not urgently required; that a reference be made to the Executive Engineer as regards para 2 especially as to a road connecting Manchenahalli with Thondebhavi, and that as regards para 3 a bridge across Chitravati would probably cost about Rs. 40,000 or Rs. 50,000 and that it would be sufficient if a cause-way could be made at a cost of about Rs. 2,000 or Rs. 3,000 and that the opinion of the Executive Engineer should be invited in the matter.

VI. Read the Executive Engineer's letter bringing to notice that the actual costs of repairing damages to the Kilkota tank at Kolar amounted to Rs. 343, the estimate sanctioned for the purpose being Rs. 300, chargeable in equal proportions to the Municipal and District Funds, and proposing that a moiety of the excess of Rs. 43 may be met from the provision made under "C. X. Miscellaneous, Unforeseen expenses" in the current year's District Fund budget.

Resolved that Government be requested to sanction the proposed payment.

VII. Read the Executive Engineer's application for a re-appropriation of the budget grants to the extent of Rs. 12,500, the same being required for keeping up the progress of the Chintamani-Chelur road and the Goribidnur-Maddagiri road.

Resolved that a re-appropriation statement for Rs. 12,500 be submitted to Government for sanction explaining the sources from which the amount may be made available.

VIII. Read correspondence ending with the Deputy Commissioner's docket No. 351—255, dated 19th July 1895, in regard to the proposed establishment of toll gates on certain roads in the district.

Resolved that Government be moved with a view to their being pleased to accord early sanction to the Board's proposal to enable it to supplement its income and carry out important works of public utility.

IX. *Resolved* that budget estimates of receipts and expenditure for 1897-98 comprising the undermentioned major items be fixed at Rs. 77,220 and Rs. 94,193, respectively, and submitted to Government for sanction, with the remark that the provision for public works to be executed by the Revenue Department is very small and may have to be increased later on after the closing balance at the end of the current official year is ascertained.

10. Read the consolidated budget estimates

The Board approved the estimated income of

The following estimates in the P. W. D. were considered :—

Rupees	5,000	for the extension of the Bababudan Hill road.
,,	24,555	annual road repairs.
,,	5,785	establishment.
,,	200	tools and plant.
,,	3,500	reserve.
Rupees	39,040	

"Reserve" includes provision for incomplete works and the maintenance of Local Fund buildings. The estimate is heavy but its necessity was explained by the Executive Engineer to the satisfaction of the meeting, and the expenditure of the district on public works is, it is noticed, less than that of other districts. The total amount required, *viz.*, Rs. 39,040, having regard to the fact that the civil charges do not admit of reduction, will leave a deficit after providing a balance of 25 per cent on the total income.

Resolved accordingly that Government be addressed to assist the Board by a grant on behalf of the Bababudan road. In the circumstances, no provision can be made for public works to be executed by Revenue officers.

The following is an abstract of the budget estimates of receipts and expenditure during 1897-98.

Notice No. 5017-86, *dated the 9th April* 1897.

SALE OF COUNTRY BEER TAVERNS IN THE CITY OF BANGALORE FOR 1897-98.

1. Notice is hereby given that the exclusive privilage of selling Country Beer or Porter in each of the three taverns at the Bangalore City specified in the appended schedule, for the twelve months beginning with 1st July 1897 and ending with 30th June 1898, will be put up to public auction on the 20th May 1897 in the District office, by the Deputy Commissioner, Bangalore district, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to $\frac{3}{4}$ths of a month's rent for that tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other tavern.

4. The persons to whom the taverns have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each tavern knocked down to them; and shall take out licenses and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed by Messrs. Leishman & Co., at Nilgiris, or by Messrs. Meakin & Co., Kirkee.

(2) The amount for which the privilege has been purchased shall be payable into the Bangalore Taluk Treasury in equal monthly instalments commencing from July 1897; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month of the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bangalore taluk. The letter of advice covering the consignment, shall be in duplicate, the original being sent to the Amildar of the Bangalore taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 1897 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(9) The remaining terms and conditions shall be as set forth in the appended license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege at the risk of the licensee ; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1897, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

Non-Official Members.

1. Mr. Mallappa of Malvalli.

This meeting was convened in order to prepare the budget estimates of receipts and expenditure for the year 1897-98.

2. The statement of estimated receipts was read and recorded. The receipts are estimated at Rs. 42,745, and they are based on the actual receipts for the year 1895-96, which were Rs. 42,687-8-5. The estimated receipts for 1897-98 are less than the receipts sanctioned for the year 1896-97 by Rs. 1,110. The probable opening balance at the beginning of the year, *viz.*, Rs. 17,666, makes the total assets for the year 1897-98, Rs. 60,411.

3. Of the above amount, it is proposed to keep in reserve ¼th of the year's receipts and to spend the balance of Rs. 48,728, as per details entered in the budget estimates.

4. *Expenditure.*—The statement of works proposed to be undertaken by P. W. D. was read and considered.

5. *Original Works. Communications.*—Under this head, twelve works were proposed, of which two works (1) raising the present tunnel at the 4th mile and constructing new tunnels and raising the road on the 4th mile of the French Rocks Station-Nellikere road and (2) constructing musafirkhana at Melkote have been included in the current year's District Fund budget and Rs. 2,000 have been provided for each of them.

6. With regard to the first of these works, the Executive Engineer informed the Board that though the work was a desirable one, it was not absolutely necessary. The funds at the disposal of the

Board being limited, it was resolved to keep the work in abeyance. The estimate having been received sanctioned only on 4th February 1897, the Executive Engineer will be requested not to undertake the work; and if already undertaken, to stop further work so that no further outlay may be incurred.

7. In connection with the proposal for constructing a musafirkhana at Melkote, read docket No. 64, dated 28th ultimo, from the Executive Engineer, desiring to know what class of musafirkhana should be constructed. A musafirkhana to accommodate travellers at Melkote does not seem necessary as people only resort to it on one or two occasions, *i. e.*, during the jatra season. There are many mantaps, temples or matts at Melkote and people may lodge in them. Under the above circumstances, it was resolved to give up the work, and build a musafirkhana at French Rocks at a cost of Rs. 4,000. At French Rocks, the chattram which was located in a rented building was abolished and the same amalgamated with that of Seringapatam. The Board were unanimously of opinion that a musafirkhana at French Rocks was a want long felt as there is no accommodation of any sort for travellers and others who visit the place. Even the Local Fund Board members, official and non-official, are put to serious inconvenience when they go to French Rocks for attending the meetings of the Board. As French Rocks is the head-quarters of the Sub-Division, the Board are strongly of opinion that the funds intended for the musafirkhana at Melkote may be usefully spent on a musafirkhana at the former place. Rs. 2,000 have accordingly been provided for the work. The provision made in the current year's budget for Melkote will be utilized for the same purpose.

8. Another work which was passed by the Board is improving and constructing tunnels on Seringapatam-Sosale-Sivasamudram road. The Executive Engineer thinks that the work would cost about Rs. 10,000, and he required Rs. 3,000 to be provided for the work. The detailed estimate has not been got up yet and the funds at the disposal of the Board not admitting of a larger provision than Rs. 1,500; this sum has been allowed for the work.

9. As resolved in last meeting, Rs. 750 and Rs. 1,000 have been provided for the roads (1) from Krishnarajpete to Akkihebbal and (2) from Nagamangala to Bindiganavale, respectively. These works will be executed by Revenue Officers.

10. A sum of Rs. 132 has been provided for asphalting the floor of the French Rocks dispensary. The work is estimated to cost Rs. 396. As per standing orders, only one-third of the cost will have to be met from District Funds. The Executive Engineer will be requested to obtain funds to meet the balance of the estimate from Municipal and Provincial Funds.

11. *Repairs.*—Under this head, provision is made for 21 roads to be maintained at a cost of Rs. 24,590. This is in excess of the previous year's grant by Rs. 2,355. The cause of excess is owing to increase in the mileage allotment for three roads as explained below :—

(1) Mysore-Bangalore road, *viâ*, Kankanhalli from Rs. 50 to Rs. 90, (2) Mandya-Nagamangala road, now raised to Rs. 50.

Formerly this road was maintained at two different rates, the portion of the road in the Mandya taluk, 16 miles in length, at Rs. 35 per mile; and the portion in the Nagamangala taluk, a distance of 9 miles, at Rs. 30 a mile.

In the budget under notice the road is exhibited as Mandya-Nagamangala road, and (3) French Rocks Station-Nellikere road from Rs. 100 to Rs. 125.

The reason for demanding the higher rates is the same for all the three roads, *viz.*, increased traffic, and the insufficiency of the present grant. It had been resolved in the last meeting that the mileage allotment of Rs. 50 to the Mysore-Bangalore road, *viâ* Kankanhalli be raised to Rs. 90. This has been given effect to. The question of increase for the other two roads was brought up by the Executive Engineer and considering the necessity of keeping the roads in good order, it was resolved to increase the rates as noted above. For the last named road, the Executive Engineer wanted Rs. 150; but the Board passed only Rs. 125, which was agreed to by the Executive Engineer.

12. The rate sanctioned in the current year's budget for the Mandya-Melkote road is Rs. 40 per mile; but as it was brought to the notice of the Board that that rate was susceptible of reduction, it was reduced to Rs. 25. Thus there is a decrease of Rs. 90 under this item.

13. The amount allowed to P. W. D. for original and repair works comes up to Rs. 28,222. To this must be added the usual establishment charges at 17½ per cent which comes to Rs. 4,939. A sum of Rs. 200 has also been passed under the item "Tools and plant." Thus the total sum passed for the P. W. D. is Rs. 33,361.

14. The Board next considered the works proposed by the Amildars.

15. The Amildar of Seringapatam taluk proposed four wells, two at Rs. 250 each, and two at Rs. 100 each and further required Rs. 30 for fixing pulley to a well at Jakkanahalli. These works being urgent, it was resolved to allot funds for them from Local Funds General already sanctioned by Government.

16. The Amildar of Seringapatam asked for a provision of Rs. 600 and Rs. 1,000, respectively, for two new works, *viz.*, bridging two hallas, one on the road from Chandgal to Taripur and the other on the road from Bannur to Nagunahalli. Mr. Inman informed the Board that he did not see the necessity for the works. He was requested to inspect the localities and favor the Board with his opinion

17. The Amildar of the Nagamangala taluk wanted Rs. 1,000 for wells. He was asked to submit estimates which will be met from the grant of Local Funds General.

18. The Malvalli Amildar's proposal to rail the bund of the Malvalli Dodkere was accepted and Rs. 300 for the same were provided.

19. Rupees 790 has been provided for opening a channel for diverting the water-course from falling into the tank at Kikkeri. This is an important sanitary work.

20. Rupees 2,000 have been provided for sinking drinking water wells under the heading "Original works to be carried out by Revenue Officers." This amount will be distributed among the five taluks according to their requirements.

21. The usual provision of Rs. 740 has been made for repairs to be carried out by Revenue Officers.

22. In the current year's budget a provision of Rs. 500 has been sanctioned for repairing the Mandya-Basaral road and included among the works that should be carried out by Revenue Officers. This was a special provision. The work was carried out by P. W. D. as the annual repairs are carried out by that department. It is not necessary to make any provision for the same in the budget under notice. The mileage allotment for this road has also been increased. *Vide* para 11, item (2).

23. Provision has to be made for repairing the Gendekatte, which feeds the Kunnirkatte, the chief source of water-supply to the town of Malvalli, as resolved in the last meeting. The Amildar had been directed to submit a detailed estimate for the work. But he has not done so. The cost will be met from the amount granted from Local Funds General.

24. The question of providing funds for the road from Malvalli to join the Purigal road near Saragur, which was proposed by Mr. Mallappa in the last meeting was postponed pending information from the Executive Engineer as to the feasibility, distance and the amount that may be required for the road.

25. Mr. Ramanna, member for the Mandya taluk, proposed that a well may be sunk in the village of Hulaganahalli, as there was scarcity of drinking water in that village. The Amildar will be asked to report as to the necessity for a well in the said village, and, if necessary, he should submit an estimate for the same.

26. *Civil Charges.*—Rupees 9,787 have been provided for all the items under this head. This exceeds the budget grant of the current year by Rs. 1,409. The difference is under three items, *viz.*, Office establishment, Hospitals and dispensaries and Sanitary charges.

27. *I. 2—Office Establishment.*—Rupees 50 have been provided in the current year's District Fund budget under the head. "Furniture." Only Rs. 10 under this item have been provided for the next year. This is intended to meet the cost of repairing the furniture of the head office. There is thus a decrease of Rs. 40 under this item.

28. Rupees 36 have been provided for contingencies required for the President's office. This was found necessary for purchasing country stationery required for the use of the office. Such sums are sanctioned for other circles. Government sanction is solicited for this item.

29. An increase of Rs. 21 under the head "Contribution" towards the establishment entertained in the Dewan's and Comptroller's offices. This is in accordance with instructions in Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896.

30. *Hospitals and Dispensaries.*—There is a net increase of Rs. 392 under this item. The reason for this is the increase of pay to the compounders as well as provision required for purchasing furniture for the dispensaries. The increase of pay to the compounders employed in the several dispensaries amounts, as per Government Proceedings No. 13250-1—L. F. 19-62, dated 8th June 1896, to Rs. 176. But there is a decrease of Rs. 32 in the charges required for the Krishnarajpete dispensary under the item "House rent." Since January 1896, the dispensary there has been removed to the old taluk cutcherry building from a rented one. As per Deputy Commissioner's docket No. 247, dated 30th January 1897, Rs. 248, being the proportionate cost of furniture required for the dispensaries, have been provided. Hence the increase under the item.

31. *VI. Conservancy and Sanitation.*—Rupees 1,000 have been provided for improving the sanitary condition in rural parts.

32. *Contribution.*—Rupees 1,000 have been provided under this head to meet the cost of repairing the travellers' bangalos and dispensaries in the Local Fund Circle.

33. Rupees 1,000 have been provided for repairing cattle-pounds. This was found necessary as many of the pounds are reported to be in disrepair. Estimates will be called for and sanctioned according to their urgency.

34. The other items being usual call for no explanation.

Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other tavern.

4. The persons to whom the taverns have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each tavern knocked down to them; and shall take out licenses and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed by Messrs. Leishman & Co., at Nilgiris, or by Messrs. Meakin & Co., Kirkee.

(2) The amount for which the privilege has been purchased shall be payable into the Bangalore Taluk Treasury in equal monthly instalments commencing from July 1897; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month of the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bangalore taluk. The letter of advice covering the consignment, shall be in duplicate, the original being sent to the Amildar of the Bangalore taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 1897 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(9) The remaining terms and conditions shall be as set forth in the appended license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1897, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

EXCISE DEPARTMENT.

Notice No. 5017-86, *dated the 9th April* 1897.

SALE OF COUNTRY BEER TAVERNS IN THE CITY OF BANGALORE FOR 1897-98.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the three taverns at the Bangalore City specified in the appended schedule, for the twelve months beginning with 1st July 1897 and ending with 30th June 1898, will be put up to public auction on the 20th May 1897 in the District office, by the Deputy Commissioner, Bangalore district, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to $\frac{1}{6}$ths of a month's rent for that tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other tavern.

4. The persons to whom the taverns have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each tavern knocked down to them; and shall take out licenses and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed by Messrs. Leishman & Co., at Nilgiris, or by Messrs. [illegible]

(2) The amount for which the privilege has been purchased shall be payable into the Bangalore Taluk Treasury in equal monthly instalments commencing from July 1897; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month of the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bangalore taluk. The letter of advice covering the consignment, shall be in duplicate, the original being sent to the Amildar of the Bangalore taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the out-going licensee on the 1st July 1897 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(9) The remaining terms and conditions shall be as set forth in the appended license.

7. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention; it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to re-sell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1897, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

To—The Deputy Commissioners, Treasury Department.

To avoid delay in the issue of pay to Forest subordinates, and to secure uniformity in the preparation of bills for various establishments and in the system of payment to them, the Comptroller has the honor to request that a separate bill for each establishment may be prepared in duplicate and sent by the Range Officer on the last day of each month to the District Forest Officer who, after necessary check, will countersign and return the original bill to the Range Officer for encashment at Taluk Treasuries. On the 25th of each month in which payment was made, or immediately after the bills of all establishments have been passed, a consolidated bill for the whole district should be prepared in the District Forest Office from the duplicate copies filed in that office, and sent to the District Treasury for submission in support of the total debits in the list of payments, together with the several bills passed for each Forest establishment attached thereto as sub-vouchers. The system of paying Forest establishment by Taluk cheques, which is reported to obtain in some districts, should be discontinued.

3. Care should be taken to see that no transfer of accounts are made from one district or taluk to another *during the latter half of June* 1897, and that accounts received by transfer from other Treasuries as well as all the Dead Accounts authorized to be re-opened, are brought into account within the close of the official year.

Bye-law No. 24.—Every place other than a water-closet or bath-room, situated within any house building or enclosure, and habitually used for the purposes of nature or for keeping human excreta, shall be considered to be a latrine within the meaning of this Bye-law.

2. The provisions of Sections 3 and 4 of this Bye-law shall extend to all latrines and drains which are private property. The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

4 All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall; and shall discharge in one of the following ways, *viz* :—

(*a*) into a moveable receptacle of such proper shape and size as entirely to receive and retain all the fluid, and not cracked, broken, perforated, rotten or pervious to fluid.

(*b*) into a receptacle covered with a moveable lid, and of such proper shape and size as entirely to receive and retain all the fluid and so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall.

(*c*) into a receptacle, not less than four feet square in superficial measurement and nine inches deep, so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall, and filled with so much sand as will absorb all the fluid.

(*d*) through such filtering material as the Commissioners may deem sufficient into an open public drain notified by the Commissioners as being set apart for the purpose.

(*e*) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

Notice, dated 17th May 1897.

Whereas by Section 108 of the Bangalore City Municipal Regulations, it is required, on pain of the penalty therein described, that no dirt, dung, night-soil, filth, or other noxious or offensive matter shall be kept in or about any house otherwise than in some proper receptacle; and by Section 225 of the said Regulations the Commissioners are empowered to make bye-laws for carrying out any of the purposes of the said Regulations, and generally for preserving order and cleanliness in the city; and whereas the Commissioners deem it advisable to define generally what kind of receptacles shall be considered proper for the purposes aforesaid; the following Bye-law is hereby made, subject to the confirmation of the Government of Mysore.

Bye-law No. 25.—Every latrine as described in Bye-law No. 24 shall be provided with a suitable receptacle placed beneath the seat or platform described in clause 3 of the said Bye-law. The receptacle shall be a moveable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a moveable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

Notice, dated 17th May 1897.

Bye-law No. 26.—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms cooking-rooms, sculleries, mills and factories.

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

Bye-law No. 24.—Every place other than a water-closet or bath-room, situated within any house building or enclosure, and habitually used for the purposes of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this Bye-law.

2. The provisions of Sections 3 and 4 of this Bye-law shall extend to all latrines and drains which are private property. The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

3. Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable receptacle placed beneath.

4 All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

5. The floor of every latrine shall be so sloped, drained and constructed as to prevent fluid from being retained on its surface and from soaking into the floor, ground, plinth or walls of the latrine.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall ; and shall discharge in one of the following ways, *viz* :—

(*a*) into a moveable receptacle of such proper shape and size as entirely to receive and retain all the fluid, and not cracked, broken, perforated, rotten or pervious to fluid.

(*b*) into a receptacle covered with a moveable lid, and of such proper shape and size as entirely to receive and retain all the fluid and so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall.

(*c*) into a receptacle, not less than four feet square in superficial measurement and nine inches deep, so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall, and filled with so much sand as will absorb all the fluid.

(*d*) through such filtering material as the Commissioners may deem sufficient into an open public drain notified by the Commissioners as being set apart for the purpose.

(*e*) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house ; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

Notice, dated 17th May 1897.

Whereas by Section 108 of the Bangalore City Municipal Regulations it is required, on pain of the penalty therein described, that no dirt, dung, night-soil, filth, or other noxious or offensive matter shall be kept in or about any house otherwise than in some proper receptacle ; and by Section 225 of the said Regulations the Commissioners are empowered to make bye-laws for carrying out any of the purposes of the said Regulations, and generally for preserving order and cleanliness in the city ; and whereas the Commissioners deem it advisable to define generally what kind of receptacles shall be considered proper for the purposes aforesaid ; the following Bye-law is hereby made, subject to the confirmation of the Government of Mysore.

The receptacle shall be a moveable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a moveable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

3. Every house shall be provided with a dust-bin.

4. No filth, rubbish, ordure or other offensive matter shall be kept otherwise than in one of the receptacles described in this Bye-law and no human excreta shall be kept otherwise than in the receptacles described in clauses 1 and 2.

5. If the occupier of any land, building or enclosure neglects to comply with all or any of the

Notice, dated 17th May, 1897.

Whereas by Section 133 of the Bangalore City Municipal Regulations it is required, on pain of the penalty therein provided, that no house, building or enclosure shall be permitted to be in a filthy or unwholesome condition; and by Section 225 of the said Regulations the Commissioners are empowered to make bye-laws for carrying out any of the purposes of the said Regulations or generally for preserving order and cleanliness in the city; and whereas the Commissioners deem it advisable to define certain general requirements in the absence of which any house, building or enclosure must be considered to be in an unwholesome condition; the following Bye-law is hereby made, subject to the confirmation of the Government of Mysore.

Bye-law No. 26.—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms cooking-rooms, sculleries, mills and factories.

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{6}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1897 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the Commercial Bank of India, who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.* at annas 2 per dram which is equal to $\frac{1}{80}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. 4$\frac{1}{2}$ before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Assistant Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened

issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of arrack to Bonded Depôts.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1897 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and re-sell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1897, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Departments.

Camp No. 423, *dated* 17*th March* 1897.

Sale of Separate Arrack Shops for 1897-98.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1897, and ending with 30th June 1898, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to §ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1897; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited, and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default and on deficits from the date of re-sale.

(3) The licensee shall purchase the arrack to be sold in his shop from the Commercial Bank of India, who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 6½ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{50}$ part of a gallon).

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and the above fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4¾ per gallon of 20° under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special Shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise Officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1897, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or other law in force.

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Departments.

NOTIFICATION.

CAMP No. 371 EX., DATED 12TH MARCH 1897.

The following amended Rules, framed by the Government of Mysore under the provisions of the Excise Act XXII of 1881 as amended by Act VI of 1885, and extended to Mysore by Regulation III of 1885, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with :—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The manufacture of arrack and other country spirits, and management and supervision of the Distillery and Bonded Depôts ;

PART II.—The grant of "Vend Farms" and "Separate Shops" ;

The sale and transport of arrack and other country spirits ; and issue of licenses and passes ; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions :—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" within the meaning of clause (*a*) of Rule I in Government Notification No. 31, dated the 9th May 1889 and as amended in Government Notification No. 4, dated the 3rd April 1891, or of country beer.

2. The Manufacturer shall manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The rate of price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof ; for other single-distilled spirits of greater or less strength than 20 under-proof which may be specially manufactured and issued, under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the person entitled to vend the same, shall be at liberty to fix his own prices.

4. The Manufacturer shall keep ordinarily the supply sufficient for a month's consumption, and never less than a minimum fixed by Government, in store at the Distillery. This minimum is fixed at 23,000 gallons of admissible spirit in terms of 20° under-proof, until further orders.

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, giving the manufacturer the first refusal of so doing.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack, subject to such conditions as to the mode of manufacture, payment of duty, the agency for sale, and other matters, as the Government may prescribe on the application of the Manufacturer.

8. The Manufacturer shall, upon receipt by him of price at the rates fixed by his contract, sell the arrack and other country spirits at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. for the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. to separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the Separate Shop system may be extended;

3rd. to renters of Vend Farms to whom the Government may sell the right to vend arrack in defined tracts;

4th. to licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors," and for the sale of the same in Refreshment Rooms, and in Hotels and Boarding Houses.

III. The following rules shall regulate the relations of an in-coming Manufacturer to an out-going Manufacturer :—

1. The out-going Manufacturer shall give, and the in-coming Manufacturer shall take over, any arrack and other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

2. Should the in-coming Manufacturer so require, by at least one week's previous notice in writing, the out-going Manufacturer shall cease preparing "wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming Manufacturer commencing operations. Should no such notice be given, the out-going Manufacturer may continue distilling till the end of his contract, after which further distillation must cease.

3. The out-going Manufacturer shall sell, and the in-coming Manufacturer shall buy, allapparatus and stock and block belonging

to the out-going Manufacturer at the Government Central Distillery, Bangalore, for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going Manufacturer and to all other persons concerned by a Notification to be duly published in that behalf.

4. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

IV. The following rules shall regulate the management and supervision of the Distillery and the manufacture and storage of arrack and other country spirits and special liquors therein :—

1. The Distillery shall be opened at sun-rise and be closed at sun-set, except on Sundays and authorized holidays, when it will be closed. Under the special order of the Excise Commissioner, and on such conditions as he may prescribe, the Distillery may be worked during nights and on holidays to bring up stock or to meet urgent demand. The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or by any other officer appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody.

3. No arrack shall be taken out of the Distillery until it has been measured or weighed and tested by an official of Government appointed for that purpose.

4. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

5. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the senior officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack or other country spirit or special liquor after it has been made. Standard saccharometers by Long and Dring and Fage, for determining the gravity of the "wash" in its several stages till distillation, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. All "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the officer in charge.

6. The spirits manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the senior officer in charge of the Distillery, for the purpose of reducing the strength of the same. And if clear and pure spring water be available, it may be used for such purpose in lieu of distilled water, with the previous sanction of the Excise Commissioner.

7. The measure to be used at the Distillery shall be the standard imperial gallon; and $\frac{1}{80}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

8. Casella's and Cartier's hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

9. No weak spirits below 60° under-proof by Casella's or below 15° by Cartier's hydrometer, or faints, or hot or warm spirits of higher temperature than 90° Fah., or spirits tainted with venom or verdigris, shall be admitted into stores or used for blending purposes.

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary wash may be carried on, provided that the spirit, which runs from stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner or any other officer appointed for the purpose.

V. The following rules shall be observed with regard to the issue of arrack and other country spirits and special liquors from the Distillery :—

1. Arrack and other country spirits shall ordinarily be issued at a strength of 20 under-proof, except in special cases hereinafter mentioned.

2. Should a Foreign Liquor shop-keeper desire to have spirits at a higher strength than the above, the spirits so issued shall be double-distilled spirits, which shall not be of a greater strength than 10° under-proof. Such spirits shall be issued from the Distillery in two dozen quart bottles, four dozen pints, and so on for lower denominations of flasks, as for English and other Foreign spirits; the bottles shall be paid for by the shop-keeper and the spirits shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the senior officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the senior officer will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such spirits may be sent in jars from the Distillery for the purpose.

3. The duty payable to Government for spirits supplied to foreign liquor shop-keepers shall be calculated proportionately on the rate prescribed per gallon of arrack 20° under-proof or at such other rate as may, from time to time, be fixed by Government. The accounts for such spirits shall be kept separately.

4. Should the aforesaid shop-keeper wish to have spirits of higher strength than 10° under-proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the spirits are intended. Under these special orders, such spirits shall be inserted in the shop-keeper's license, the fact being reported to the Excise Commissioner, for communication to the Distillery officer.

5. No arrack below 20 under-proof shall ordinarily be issued from the Distillery; but should there be a demand for arrack of lower strength than 20° under-proof, arrack at 30 under-proof may be specially issued from the Distillery, such arrack

being kept and accounted for separately both in the Distillery and in Bonded Depôts.

6. Old arrack (*i. e.*, arrack 10 days old or more than 10 days old,) shall, as a rule, be issued from the Distillery and shall be passed at 20° under-proof, for Depôts within 50 miles, and at 19·5° under-proof for Depots more than 50 miles, from the Distillery, and charged for at 20° under-proof. But when, owing to short stock or otherwise, such old arrack is not available and it is found necessary to issue fresh arrack, *i. e.*, arrack less than 10 days old, such fresh arrack shall be passed at 19·5° under-proof for Depôts within 50 miles and at 19° under-proof for Depots more than 50 miles, from the Distillery, and shall be charged for at 20° under-proof.

7. No arrack of 20° under-proof shall be removed from the Distillery in less quantity than two gallons.

8. The senior officer in charge of the Distillery, upon written application made to him for that purpose, may, with the permission of the Excise Commissioner, grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, spirit of any strength manufactured at the Distillery, at proportionate rates of duty, in quantities of not less than one ordinary quart bottle, the price charged by the Manufacturer being paid to the Manufacturer, and duty to the senior officer in charge of the Distillery, who shall remit the duty to the Treasury without unnecessary delay. Provided, that no duty shall be charged in the case of spirits issued for the use of the Medical Department of the Mysore Government.

9. The Manufacturer may, with the permission of the Excise Commissioner, manufacture double-distilled country spirits of any strength, milk punch or any other special liquors, under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for the preparation of milk punch or any other special liquors. Such spirits and special liquors, when duly bottled, sealed and labelled by the senior officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons with the Excise Commissioner's previous sanction, and to Foreign liquor shop-keepers. The prices at which such spirits and special liquors shall be sold will be fixed by the Manufacturer.

VI. At every distillery the following Registers shall be kept in the forms prescribed by the Excise Commissioner:—

(1) * Registers of the quantity of arrack and other country spirits and special liquors manufactured.

(2) * Detailed Register of the daily issues of arrack, &c., and of the strength of the arrack, &c., issued.

PART II.

THE GRANT OF "VEND FARMS" AND "SEPARATE SHOPS;" THE SALE AND TRANSPORT OF ARRACK AND OTHER COUNTRY SPIRITS AND ISSUE OF LICENSES AND PASSES.

XVII. The period for which a "Vend farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows:—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise laws or rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each Separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{5}{8}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent.

(*f*) If he fail to make either of the deposits aforesaid, the deposits already made shall be forfeited, the farm or shop shall be immediately resold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop", assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30 under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed chellans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's Office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depôt established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop ; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depôt established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6) (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered

to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his agent at the prescribed rate, obtaining a receipt from him therefor, the Assistant Supervisor or other Officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall then issue a rahadari in duplicate in the form hereinafter provided for the transport of arrack from the Distillery.

(*b*) The licensee of every Vend Farm who gets his supplies from a Bonded Depôt, shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depôt, and the triplicate to be retained with the licensee. On production of such receipt and an indent, the Government Arrack Carrying Contractor's Agent in charge of the Bonded Depôt shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause. The arrack issued to the licensée's shops shall be covered by permits as hereinafter provided.

(*c*) The licensee of every Separate Shop shall pay the above duty and price to a special shroff, appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays ; and shall obtain a receipt in the prescribed printed Form " G ". On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or Agent or in Amani to supply such Depôts with the arrack required for the use of the renters of Vend Farms or Separate shop-kepers in specified localities. These Depôts shall be called "Bonded Depôts." In Districts for which such Bonded Depôts are established, they shall generally be at the localities where whole-sale Depôts existed on 31st March 1892, and serve the same tracts as the latter used to do. The Excise Commissioner shall have the power to alter the location of any existing Bonded Depot, or open additional Depots, should such a step not involve additional expenditure in carriage or storage. The Government contractor shall transport arrack and other country spirits from the Distillery to Bonded Depôts in his own casks, which shall be strong and sound. He shall also provide at his own cost cocks and taps, gallon measures and other prescribed measures for the use of each Bonded Depot.

(*b*) The Government contractor shall pay for the rent and establishment of Bonded Depots.

(*c*) The establishment at each Bonded Depôt shall be under the orders of the Government and of the Government contractor or his agent where one has been appointed for the working of Bonded Depôts.

(*d*) The license to be issued to the Government contractor's agent in charge of each Bonded Depôt shall be in the appended Form R., and the bond to be executed by the contractor shall be in the appended Form S.

(*e*) The licensee of every Vend Farm who draws his supplies from the Distillery shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depôt or depôts, to which all arrack purchased by him shall be conveyed in his own casks for verification, &c., of the consignment, under the rules hereinafter provided, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B. hereto appended.

(*f*) The licensee of every Vend Farm who draws his supplies from a Bonded Depôt established by Government will not be required to open his own depôt as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the aforesaid Bonded Depôt.

(*g*) The licensee of every Separate shop shall take his supplies of arrack in his own vessels from the Bonded Depôt to which it is attched.

(8) The arrack shall be sold as issued from the Distillery or Bonded Depôt, and shall not be adulterated or diluted in any manner in the farm depots, if any, or in shops.

(9) The licensee of every Vend Farm or Separate shop shall keep true accounts of the quantity and strength of the arrack purchased by him and issued.

(10) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(11) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(12) The licensee of every Vend Farm shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(13) The licensee of every Vend Farm or Separate shop shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going Farmer or Separate shop-keeper, as the case may be, on the first day of his lease, in the Bonded Depôts or Farm Depots or in shops, paying to the out-going Farmer or Separate shop-keeper such compensation for the same as may be fixed by the Excise Commissioner.

(14) The licensee shall be bound by the provisions of the Excise laws and rules in force and by any additional rules which may, from time to time, be prescribed under the Excise laws. The licensee shall use such measures as may, from time to time, be prescribed by Government.

(15) The lease shall not be transferrable except with the permission of the Excise Commissioner.

(16) The Deputy Commissioner shall grant to each shop under the Vend farmers, a license in the appended Form C.

(17) Resignations of Farms in whole or in part, and of Separate shops, shall be summarily rejected by the Deputy Commissioner.

6. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his Farm or Separate shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee of each Vend Farm a fine not exceeding the sum of Rs. 50, and of each Separate shop, a fine not exceeding Rs. 10, for every such breach or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and resell the exclusive privilege at the risk of the licensee, or to place the Farm or Separate shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on the first day of the first month of the lease, shall be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

XXII. No arrack in cask shall be conveyed from the Distillery unless the name of the Distillery and the quantity, nature and strength of the arrack contained in the cask and the name of its destination are legibly painted, branded or cut on one end of such cask.

XXIII. A sufficient supply of casks to issue arrack to Bonded Depôts, shall be kept in the Central Distillery or at any other place fixed for the purpose, by the Government contractor for the distribution of arrack to Bonded Depôts, under the supervision of the Assistant Supervisor or other Officer in charge of the Distillery. The serial number, name of the Distillery and capacity shall be legibly painted, branded or cut on the head of each of the casks. The casks for the hot weather shall be measured in February and those for the cold weather in August; the date of measure shall also be painted on each cask. Provided, that when the gauging is made by weighment, the measurement of casks may be dispensed with. A supply of tin plates with the names of the Bonded Depôts painted or cut on them, shall also be kept in the Distillery at the cost of the distributing contractor. Before issuing any cask, the plate containing the name of the Bonded Depôt for which the consignment is intended, shall be fastened on to it.

XXIV. The following rules shall be observed for issuing arrack and other country spirits from the Distillery to Bonded Depôts, for the exercise of proper check over such consignments, and for the disposal of the passes which accompany them:—

1. For supplies of arrack or other country spirits, the contractor's agent in charge of the Bonded Depôts, shall send to the Assist-

ant Supervisor or other Officer in charge of the Distillery, an indent in the appended Form H, showing the number of casks, jars or bottles of the same, wanted.

2. The Assistant Supervisor or other officer aforesaid shall, thereupon, fill in the requisite number of casks, jars or bottles with the arrack or other spirit indented for, and issue a cheque in favor of the Manufacturer, on the Bangalore District Treasury, for the amount due to him on account of such arrack or other spirit, in the Appended Form I, which shall be kept in triplicate, the original to be given to the Manufacturer, the duplicate sent to the Excise Commissioner's office at the close of each day, and the triplicate or counterfoil retained with the Assistant Supervisor or other officer aforesaid.

3. The consignment shall be covered by a pass in the appended Form J, which shall be kept in triplicate, the original to be entrusted to the person accompanying the consignment, the duplicate forwarded to the Amildar of the Taluk in which the Bonded Depôt is situated, and the triplicate retained in the Distillery.

4. The consignment and the pass shall first be taken to the Amildar, or during his absence, to the Sheristadar, if the Depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the Depôt is in any outlying town or village in his Taluk.

5. The contents of the pass shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies or other irregularities discovered shall be reported to the Deputy Commissioner, and to the Officer in charge of the Distillery for necessary action.

6. The date and hour of receipt shall then be recorded on the back of the pass under the signature and designation of the Amildar or Sheristadar or other official appointed by the Amildar for this purpose, and the consignment then passed on to the Depôt to be there booked.

7. The pass shall at once be sent back by the contractor's agent in charge of the Depôt to the Government official appointed by the Amildar, who shall see that such agent has noted underneath the Taluk official's endorsement, "Contents received and booked," with the date and hour of receipt at the Depôt, and "the balance of stock of arrack or other spirit on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

8. All the passes dated and issued in any one month shall, on the 10th of the following month, (by which time all previous month's consignments shall have been duly received and disposed of) be brought, with a list giving the name of Depôt, number, date and contents of pass (gallons and drams), to the Amildar, who shall, after satisfying himself that the instructions given above have been fully complied with, score the pass across thus ✗ in red ink from end to end, write the word "cancelled" across the face of each pass under his seal and signature, and send the list and the cancelled passes on to the Excise Commissioner. Passes dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental list sent with them.

9. Amildars shall keep a register in the appended Form K in which the duplicates of passes sent to them under Rule **3**, shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate passes should be crossed thus X at the time the original is cancelled under Rule 8, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate pass, is not received within a reasonable time after the period allowed in the pass, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of passes should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

10. On receipt of the cancelled passes in the Excise Commissioner's Office, they shall be duly compared and verified with the duplicate cheques received under the above Rule **2**, and with the accounts sent by the Assistant Supervisor or other officer in charge of the Distillery,. and with the Accounts received from Bonded Depôts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer.

11. When consignments are received without a pass, the same shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the consignments on the security of the Government arrack-carrying Contractor's Agent in charge of the Bonded Depôt, intimating particulars to the Excise Commissioner, who will, after necessary enquiry, direct the issue of a special pass to cover the consignment. This special pass shall be in the same form and issued in the same manner as the ordinary passes, but on paper of different color, in the appended Form L. It shall be issued by the senior officer in charge of the Distillery, who will sign the same.

12. If the contents in gallons or the number as given in the original pass and its duplicate differ from those noted on the cask, the consignment shall be sent on to the Depôt with the precautions which are required to be taken under Rule 11, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination shall be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the pass, the cask shall not be sent to the Depôt, but kept with the Amildar, the matter being reported to the Central Distillery. The Government Contractor's Agent in charge of the Bonded Depôt shall at once apply for fresh stock by telegraph if possible.

13. When any consignment is forwarded by railway, the original pass together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him, shall receive the consignment and deal with it under the provisions of the foregoing rules.

Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse; shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding Rs. 50.

15. On the Manufacturer delivering the cheques referred to in the above Rule 2, the Officer in charge of the Bangalore District

Treasury, shall pay him the money therein mentioned as an advance which shall be adjusted as explained in the following rule.

16. Of the amounts paid by the licensees into Treasuries as per Receipt G under condition (6) of para 5 of Rule XXI, the price of arrack shall be credited to the head "Remittance Deposits," the duty alone being credited at once to the appropriate budget head "Excise Revenue." 1. Every consignment from a Distillery shall be covered by a rahadari in the appended Form M, which shall be sent with the person accompanying the consignment as proof of his authority to carry ; a duplicate thereof shall, at the same time, be sent on to the Amildar of the Taluk in which is situated the depôt to which the consignment is made. The counterfoil of the Rahadari shall be retained in the Distillery Office. The rahadari, its duplicate and counterfoil shall all have the same serial number printed on them. But to keepers of Separate shops, printed permit books in the same form shall be supplied at their own cost. When each shop-keeper sends for his supply of arrack his permit book shall be presented to the Government Contractor's Agent in charge of any Bonded Depôt, who issues the arrack. The Contractor's Agent shall make necessary entries in the book under his seal and signature, and send it with the consignment. Such permit books shall also be kept by the shop-keepers under the Vend farmers to transport their supplies from the Bonded Depôts or Farmers' Depôts, as the case may be, the necessary entries in the books being made by the Contractor's Agents in charge of the Bonded Depôts or by the licensees in charge of the Farm Depôts. At the close of each day's issues, the Government Contractor's Agent shall prepare an extract from his register of daily issues to the farmers and Separate shop-keepers in the appended Form N, and forward it on the morning of the day following to the Amildar of the Taluk in which the farms or separate shops are situated.
2. The consignments and the rahadaris shall first be taken to the Amildar or the Sheristadar during the Amildar's absence, if the Farmer's Depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the depôt is in any outlying town in his Taluk.
3. The contents of the rahadari shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies and other irregularities discovered shall be reported to the Deputy Commissioner and to the Officer in charge of the Distillery for necessary action.
4. The date and hour of receipt shall then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.

5. The rahadari shall at once be sent back by the depôt licensee to the Government official appointed by the Amildar, who shall see that the licensee has noted underneath the Taluk official's endorsement "Contents received and booked," with the date and hour of receipt at the depôt, and "the balance of stock of arrack on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

6. 7. Amildars shall keep a register in the appended Form O, in which the duplicate rahadaris and extracts sent to them under Rule 1 shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate rahadaris should be crossed thus X at the time the original is cancelled under Rule 6, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. the necessary enquiry, direct the issue of a special rahadari to cover the consignments. This special rahadari shall be in the same form and issued in the same manner as the ordinary rahadaris, but on paper of a different color in the appended Form P.

10. If the contents in gallons or the number as given in the original rahadari and its duplicate differ from those noted on the cask, the consignment will be sent on to the depot with the precautions which are required to be taken under Rule 9, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination should be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the rahadari, the cask must not be sent to the depot but kept with the Amildar, and the matter reported to the Central Distillery. The farm depot licensee shall at once apply for fresh stock by telegraph, if possible.

Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare by record in writing that the license is forfeited and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up a defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(*c*) The deposit made by you shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by you. For arrack of lower strengths	proportionately according to Casella's rules.

4. The above rates are in addition to excise duty, which shall be prepaid to Government at Rs. per Imperial gallon of 20° under-proof, before the removal of the arrack from the Distillery or from any Bonded Depôt established under the sanction of Government, and proportionately on arrack of lower strengths.

5. Excise duty shall be prepaid by you into the local Government Treasury; but if you obtain arrack from a Bonded Depôt, both the duty and price of arrack shall be paid into the local Taluk Treasury.

Such accounts shall be produced when required for inspection by the Deputy Commissioner or by any Officer appointed by him, or by any Excise Officer; and you shall be bound to furnish, or cause to be furnished, such information or returns as may be required by the Deputy Commissioner from time to time regarding the consumption of arrack within your farm, or relating in any way to your management as a renter. You will be at liberty to select your shop-keepers, and will be allowed to establish as many shops as the Deputy Commissioner may consider necessary for the supply of your farm.

12. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed, or permit transfer of shops from one place to another, or direct new shops to be opened with the previous sanction of the Excise Commissioner. You shall be bound to maintain such supply of arrack as the Deputy Commissioner may consider sufficient to meet local requirements in all sanctioned shops.

13. Each shop-keeper shall place the license granted to him in a conspicuous place in his shop.

21. You shall provide yourself and your shop-keepers with printed forms of permits for transport and possession of arrack. Such permits shall be in the form prescribed in the Excise Department, and shall be purchased from the local Excise Officer.

22. At every shop for the sale of arrack, there shall be kept a true and correct account showing the quantity and strength of the arrack received therein, the quantity and strength of the arrack sold, the prices at which it is sold, and the quantity and strength of the arrack remaining unsold each day. Such accounts shall be in the prescribed form, and shall be produced for the inspection of the Deputy Commissioner or of any Officer appointed by him for the purpose of inspecting them, or of any Excise Officer, whenever required.

23. Shop-keepers shall be bound to furnish such returns and information as may from time to time be required by the Deputy Commissioner.

24. The shop-keepers shall not keep in their shops, offer for sale, or sell any arrack except the arrack supplied by you ; neither shall they keep in their shops, offer for sale, or sell arrack of any other strength than 20° under London proof, or other liquors, without special permission. Such soldiers may be supplied with arrack by such persons as the Government may select for the purpose, notwithstanding your exclusive privilege.

31. Every person employed by you to superintend Depôts or placed in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by you on the 1st day of 189 , shall be deposited with the Deputy Commissioner within one month from that date or of the date of executing the engagement.

1. These regulations shall come into force at once and shall remain in operation until such time as they shall be withdrawn by a notification in the Mysore Gazette.

2. Every house-holder who becomes cognizant of any case of the bubonic plague or of fever with glandular swellings in his house or in any other private dwelling within the Municipal limits of the Cities of Bangalore and Mysore, shall be bound to give information of the same to the President of the Municipal Commission, or to a Medical Officer deputed by the Senior Surgeon, or in the absence of any such Officer, to the Surgeon of the District, or to the Sanitary Inspector of the Municipality, with the least practicable delay.

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The manufacture of arrack and other country spirits, and management and supervision of the Distillery and Bonded Depôts ;

PART II.—The grant of "Vend Farms" and "Separate Shops" ;

The sale and transport of arrack and other country spirits ; and issue of licenses and passes ; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions :—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" within the meaning of clause (*a*) of Rule I in Government Notification No. 31, dated the 9th May 1889 and as amended in Government Notification No. 4, dated the 3rd April 1891, or of country-beer.

2. The Manufacturer shall manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. 3. The rate of price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof ; for other single-distilled spirits of greater or less strength than 20 under-proof which may be specially manufactured and issued, under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the person en-

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, giving the manufacturer the first refusal of so doing.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack, subject to such conditions as to the mode of manufacture, payment of duty, the agency for sale, and other matters, as the Government may prescribe on the application of the Manufacturer.

8. The Manufacturer shall, upon receipt by him of price at the rates fixed by his contract, sell the arrack and other country spirits at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. for the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

4th. to licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors," and for the sale of the same in Refreshment Rooms, and in Hotels and Boarding Houses.

III. The following rules shall regulate the relations of an in-coming Manufacturer to an out-going Manufacturer :—

1. The out-going Manufacturer shall give, and the in-coming Manufacturer shall take over, any arrack and other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

2. Should the in-coming Manufacturer so require, by at least one week's previous notice in writing, the out-going Manufacturer shall cease preparing "wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming Manufacturer commencing operations. Should no such notice be given, the out-going Manufacturer may continue distilling till the end of his contract, after which further distillation must cease.

3. The out-going Manufacturer shall sell, and the in-coming Manu-

Under the special order of the Excise Commissioner, and on such conditions as he may prescribe, the Distillery may be worked during nights and on holidays to bring up stock or to meet urgent demand. The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or by any other officer appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody.

3. No arrack shall be taken out of the Distillery until it has been measured or weighed and tested by an official of Government appointed for that purpose.

4. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

5. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the senior officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack or other country spirit or special liquor after it has been made. Standard saccharometers by Long and Dring and Fage, for determining the gravity of the " wash " in its several stages till distillation, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. All " wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the officer in charge.

6. The spirits manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the senior officer in charge of the Distillery, for the purpose of reducing the strength of the same. And if clear and pure spring water be available, it may be used for such purpose in lieu of distilled water, with the previous sanction of the Excise Commissioner.

7. The measure to be used at the Distillery shall be the standard imperial gallon; and $\frac{1}{80}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

8. Cascella's and Cartier's hydrometers shall be supplied to the Distil-

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary wash may be carried on, provided that the spirit, which runs from stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner or any other officer appointed for the purpose.

1. Arrack and other country spirits shall ordinarily be issued at a strength of 20° under-proof, except in special cases hereinafter mentioned.

2. Should a Foreign Liquor shop-keeper desire to have spirits at a higher strength than the above, the spirits so issued shall be double-distilled spirits, which shall not be of a greater strength than 10° under-proof. Such spirits shall be issued from the Distillery in two dozen quart bottles, four dozen pints, and so on for lower denominations of flasks, as for English and other Foreign spirits; the bottles shall be paid for by the shop-keeper and the spirits shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the senior officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the senior officer will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such spirits may be sent in jars from the Distillery for the purpose.

3. The duty payable to Government for spirits supplied to foreign liquor shop-keepers shall be calculated proportionately on the rate prescribed per gallon of arrack 20° under-proof or at such other rate as may, from time to time, be fixed by Government. The accounts for such spirits shall be kept separately.

4. Should the aforesaid shop-keeper wish to have spirits of higher strength than 10° under-proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the spirits are intended. Under these special orders, such spirits shall be inserted in the shop-keeper's license, the fact being reported to the Excise Commissioner, for communication to the Distillery officer.

5. No arrack below 20 under-proof shall ordinarily be issued from the Distillery; but should there be a demand for arrack of lower strength than 20° under-proof, arrack at 30 under-

6. Old arrack (*i. e.*, arrack 10 days old or more than 10 days old,) shall, as a rule, be issued from the Distillery and shall be passed at 20° under-proof, for Depôts within 50 miles, and at 19·5° under-proof for Depots more than 50 miles, from the Distillery, and charged for at 20° under-proof. But when, owing to short stock or otherwise, such old arrack is not available and it is found necessary to issue fresh arrack, *i. e.*, arrack less than 10 days old, such fresh arrack shall be passed at 19·5° under-proof for Depôts within 50 miles and at 19° under-proof for Depots more than 50 miles, from the Distillery, and shall be charged for at 20° under-proof.

7. No arrack of 20° under-proof shall be removed from the Distillery in less quantity than two gallons.

8. The senior officer in charge of the Distillery, upon written application made to him for that purpose, may, with the permission of the Excise Commissioner, grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, spirit of any strength manufactured at the Distillery, at proportionate rates of duty, in quantities of not less than one ordinary quart bottle, the price charged by the Manufacturer being paid to the Manufacturer, and duty to the senior officer in charge of the Distillery, who shall remit the duty to the Treasury without unnecessary delay. Provided, that no duty shall be charged in the case of spirits issued for the use of the Medical Department of the Mysore Government.

9. The Manufacturer may, with the permission of the Excise Commissioner, manufacture double-distilled country spirits of any strength, milk punch or any other special liquors, under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for the preparation of milk punch or any other special liquors. Such spirits and special liquors, when duly bottled, sealed and labelled by the senior officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons with the Excise Commissioner's previous sanction, and to Foreign liquor shop-keepers. PART II.

The Grant of "Vend Farms" and "Separate Shops;" The Sale and Transport of Arrack and other Country Spirits and issue of Licenses and Passes.

XVII. The period for which a "Vend farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows :—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise laws or rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each Separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{5}{8}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent.

(*f*) If he fail to make either of the deposits aforesaid, the deposits already made shall be forfeited, the farm or shop shall be immediately resold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop", assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30 under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, and which the foreign liquor shop-kee

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed chellans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's Office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depôt established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop ; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depôt established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6). (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered

to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his agent at the prescribed rate, obtaining a receipt from him therefor, the Assistant Supervisor or other Officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall then issue a rahadari in duplicate in the form hereinafter provided for the transport of arrack from the Distillery.

SUPPLEMENT TO THE

MYSORE GAZETTE.

Published by Authority.

BANGALORE, THURSDAY, APRIL 8, 1897.

SALE OF ARRACK VEND FARMS OF 1897-98.

Notification, Camp No. 422—Ex., dated 17th March 1897.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months, beginning with 1st July 1897 and ending with 30th June 1898, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to 3ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth ; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited ; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1897 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the Commercial Bank of India, who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.* at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{2}{3}$ before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Assistant Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of arrack to Bonded Depôts.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1897 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and re-sell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1897, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

By Order,

N. B.—For Schedule, see Supplement to the *Mysore Gazette*, dated 1st April 1897.

REVENUE.

NOTIFICATION.

CAMP No. 371 Ex., DATED 12TH MARCH 1897.

The following amended Rules, framed by the Government of Mysore under the provisions of the Excise Act XXII of 1881 as amended by Act VI of 1885, and extended to Mysore by Regulation III of 1885, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with :—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The manufacture of arrack and other country spirits, and management and supervision of the Distillery and Bonded Depôts ;

PART II.—The grant of "Vend Farms" and "Separate Shops" ;

The sale and transport of arrack and other country spirits ; and issue of licenses and passes ; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions :—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" within the meaning of clause (*g*) of Rule I in Government Notification No. 31, dated the 9th May 1889 and as amended in Government Notification No. 4, dated the 3rd April 1891, or of country beer.

2. The Manufacturer shall manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The rate of price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof ; for other single-distilled spirits of greater or less strength than 20 under-proof which may be specially manufactured and issued, under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the person entitled to vend the same, shall be at liberty to fix his own prices.

4. The Manufacturer shall keep ordinarily the supply sufficient for a month's consumption, and never less than a minimum fixed by Government, in store at the Distillery. This minimum is fixed at 23,000 gallons of admissible spirit in terms of 20° under-proof, until further orders.

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, giving the manufacturer the first refusal of so doing.

The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or by any other officer appointed for the purpose. 3. No arrack shall be taken out of the Distillery until it has been measured or weighed and tested by an official of Government appointed for that purpose.

4. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

5. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the senior officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack or other country spirit or special liquor after it has been made. Standard saccharometers by Long and Dring and Fage, for determining the gravity of the "wash" in its several stages till distillation, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. All "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the officer in charge.

6. The spirits manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the senior officer in charge of the Distillery, for the purpose of reducing the strength of the same. And if clear and pure spring water be available, it may be used for such purpose in lieu of distilled water, with the previous sanction of the Excise Commissioner.

7. The measure to be used at the Distillery shall be the standard imperial gallon; and $\frac{1}{80}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

8. Casella's and Cartier's hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

9. No weak spirits below 60° under-proof by Casella's or below 15 by Cartier's hydrometer, or faints, or hot or warm spirits of higher temperature than 90° Fah., or spirits tainted with venom or verdigris, shall be admitted into stores or used for blending purposes.

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary wash may be carried on, provided that the spirit, which runs from stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner or any other officer appointed for the purpose.

V. The following rules shall be observed with regard to the issue of arrack and other country spirits and special liquors from the Distillery:—

1. Arrack and other country spirits shall ordinarily be issued at a strength of 20 under-proof, except in special cases hereinafter mentioned.

2. Should a Foreign Liquor shop-keeper desire to have spirits at a higher strength than the above, the spirits so issued shall be double-distilled spirits, which shall not be of a greater strength than 10° under-proof. Such spirits shall be issued from the Distillery in two dozen quart bottles, four dozen pints, and so on for lower denominations of flasks, as for English and other Foreign spirits; the bottles shall be paid for by the shop-keeper and the spirits shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the senior officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the senior officer will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such spirits may be sent in jars from the Distillery for the purpose.

3. The duty payable to Government for spirits supplied to foreign liquor shop-keepers shall be calculated proportionately on the rate prescribed per gallon of arrack 20° under-proof or at such other rate as may, from time to time, be fixed by Government. The accounts for such spirits shall be kept separately.

4. Should the aforesaid shop-keeper wish to have spirits of higher strength than 10° under-proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the spirits are intended. Under these special orders, such spirits shall be inserted in the shop-keeper's license, the fact being reported to the Excise Commissioner, for communication to the Distillery officer.

5. No arrack below 20 under-proof shall ordinarily be issued from the Distillery; but should there be a demand for arrack of lower strength than 20° under-proof, arrack at 30 under-proof may be specially issued from the Distillery, such arrack

being kept and accounted for separately both in the Distillery and in Bonded Depôts.

6. Old arrack (*i. e.*, arrack 10 days old or more than 10 days old,) shall, as a rule, be issued from the Distillery and shall be passed at 20° under-proof, for Depôts within 50 miles, and at 19·5° under-proof for Depots more than 50 miles, from the Distillery, and charged for at 20° under-proof. 7. No arrack of 20° under-proof shall be removed from the Distillery in less quantity than two gallons.

8. The senior officer in charge of the Distillery, upon written application made to him for that purpose, may, with the permission of the Excise Commissioner, grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, spirit of any strength manufactured at the Distillery, at proportionate rates of duty, in quantities of not less than one ordinary quart bottle, the price charged by the Manufacturer being paid to the Manufacturer, and duty to the senior officer in charge of the Distillery, who shall remit the duty to the Treasury without unnecessary delay. Provided, that no duty shall be charged in the case of spirits issued for the use of the Medical Department of the Mysore Government.

9. The Manufacturer may, with the permission of the Excise Commissioner, manufacture double-distilled country spirits of any strength, milk punch or any other special liquors, under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for the preparation of milk punch or any other special liquors. Such spirits and special liquors, when duly bottled, sealed and labelled by the senior officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons with the Excise Commissioner's previous sanction, and to Foreign liquor shop-keepers. The prices at which such spirits and special liquors shall be sold will be fixed by the Manufacturer.

PART II.

The Grant of "Vend Farms" and "Separate Shops;" The Sale and Transport of Arrack and other Country Spirits and issue of Licenses and Passes.

XVII. The period for which a "Vend farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows:—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise laws or rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each Separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{5}{8}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent.

(*f*) If he fail to make either of the deposits aforesaid, the deposits already made shall be forfeited, the farm or shop shall be immediately resold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop", assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30 under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed chellans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's Office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depôt established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop ; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depôt established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6). (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered

to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his agent at the prescribed rate, obtaining a receipt from him therefor, the Assistant Supervisor or other Officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall then issue a rahadari in duplicate in the form hereinafter provided for the transport of arrack from the Distillery.

(*b*) The licensee of every Vend Farm who gets his supplies from a Bonded Depôt, shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depôt, and the triplicate to be retained with the licensee. On production of such receipt and an indent, the Government Arrack Carrying Contractor's Agent in charge of the Bonded Depôt shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause. The arrack issued to the licensee's shops shall be covered by permits as hereinafter provided.

(*c*) The licensee of every Separate Shop shall pay the above duty and price to a special shroff, appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays; and shall obtain a receipt in the prescribed printed Form "G". On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or Agent or in Amani to supply such Depôts with the arrack required for the use of the renters of Vend Farms or Separate shop-kepers in specified localities. These Depôts shall be called "Bonded Depôts." In Districts for which such Bonded Depôts are established, they shall generally be at the localities where whole-sale Depôts existed on 31st March 1892, and serve the same tracts as the latter used to do. The Excise Commissioner shall have the power to alter the location of any existing Bonded Depot, or open additional Depots, should such a step not involve additional expenditure in carriage or storage. The Government contractor shall transport arrack and other country spirits from the Distillery to Bonded Depôts in his own casks, which shall be strong and sound. He shall also provide at his own cost cocks and taps, gallon measures and other prescribed measures for the use of each Bonded Depot.

(*b*) The Government contractor shall pay for the rent and establishment of Bonded Depots.

(c) The establishment at each Bonded Depôt shall be under the orders of the Government and of the Government contractor or his agent where one has been appointed for the working of Bonded Depôts.

(d) The license to be issued to the Government contractor's agent in charge of each Bonded Depôt shall be in the appended Form R., and the bond to be executed by the contractor shall be in the appended Form S.

(e) The licensee of every Vend Farm who draws his supplies from the Distillery shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depôt or depôts, to which all arrack purchased by him shall be conveyed in his own casks for verification, &c., of the consignment, under the rules hereinafter provided, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B. hereto appended.

(f) The licensee of every Vend Farm who draws his supplies from a Bonded Depôt established by Government will not be required to open his own depôt as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the aforesaid Bonded Depôt.

(g) The licensee of every Separate shop shall take his supplies of arrack in his own vessels from the Bonded Depôt to which it is attched.

(8) The arrack shall be sold as issued from the Distillery or Bonded Depôt, and shall not be adulterated or diluted in any manner in the farm depots, if any, or in shops.

(9) The licensee of every Vend Farm or Separate shop shall keep true accounts of the quantity and strength of the arrack purchased by him and issued.

(10) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(11) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(12) The licensee of every Vend Farm shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(13) The licensee of every Vend Farm or Separate shop shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going Farmer or Separate shop-keeper, as the case may be, on the first day of his lease, in the Bonded Depôts or Farm Depots or in shops, paying to the out-going Farmer or Separate shop-keeper such compensation for the same as may be fixed by the Excise Commissioner.

(14) The licensee shall be bound by the provisions of the Excise laws and rules in force and by any additional rules which may, from time to time, be prescribed under the Excise laws. The licensee shall use such measures as may, from time to time, be prescribed by Government.

(15) The lease shall not be transferrable except with the permission of the Excise Commissioner.

(16) The Deputy Commissioner shall grant to each shop under the Vend farmers, a license in the appended Form C.

(17) Resignations of Farms in whole or in part, and of Separate shops, shall be summarily rejected by the Deputy Commissioner.

6. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his Farm or Separate shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee of each Vend Farm a fine not exceeding the sum of Rs. 50, and of each Separate shop, a fine not exceeding Rs. 10, for every such breach or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and resell the exclusive privilege at the risk of the licensee, or to place the Farm or Separate shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on the first day of the first month of the lease, shall be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

XXII. No arrack in cask shall be conveyed from the Distillery unless the name of the Distillery and the quantity, nature and strength of the arrack contained in the cask and the name of its destination are legibly painted, branded or cut on one end of such cask.

XXIII. A sufficient supply of casks to issue arrack to Bonded Depôts, shall be kept in the Central Distillery or at any other place fixed for the purpose, by the Government contractor for the distribution of arrack to Bonded Depôts, under the supervision of the Assistant Supervisor or other Officer in charge of the Distillery. The serial number, name of the Distillery and capacity shall be legibly painted, branded or cut on the head of each of the casks. The casks for the hot weather shall be measured in February and those for the cold weather in August; the date of measure shall also be painted on each cask. Provided, that when the gauging is made by weighment, the measurement of casks may be dispensed with. A supply of tin plates with the names of the Bonded Depôts painted or cut on them, shall also be kept in the Distillery at the cost of the distributing contractor. Before issuing any cask, the plate containing the name of the Bonded Depôt for which the consignment is intended, shall be fastened on to it.

XXIV. The following rules shall be observed for issuing arrack and other country spirits from the Distillery to Bonded Depôts, for the exercise of proper check over such consignments, and for the disposal of the passes which accompany them :—

1. For supplies of arrack or other country spirits, the contractor's agent in charge of the Bonded Depôts, shall send to the Assist-

ant Supervisor or other Officer in charge of the Distillery, an indent in the appended Form H, showing the number of casks, jars or bottles of the same, wanted.

2. The Assistant Supervisor or other officer aforesaid shall, thereupon, fill in the requisite number of casks, jars or bottles with the arrack or other spirit indented for, and issue a cheque in favor of the Manufacturer, on the Bangalore District Treasury, for the amount due to him on account of such arrack or other spirit, in the Appended Form I, which shall be kept in triplicate, the original to be given to the Manufacturer, the duplicate sent to the Excise Commissioner's office at the close of each day, and the triplicate or counterfoil retained with the Assistant Supervisor or other officer aforesaid.

4. The consignment and the pass shall first be taken to the Amildar, or during his absence, to the Sheristadar, if the Depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the Depôt is in any outlying town or village in his Taluk.

5. The contents of the pass shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies or other irregularities discovered shall be reported to the Deputy Commissioner, and to the Officer in charge of the Distillery for necessary action.

6. The date and hour of receipt shall then be recorded on the back of the pass under the signature and designation of the Amildar or Sheristadar or other official appointed by the Amildar for this purpose, and the consignment then passed on to the Depôt to be there booked.

7. The pass shall at once be sent back by the contractor's agent in charge of the Depôt to the Government official appointed by the Amildar, who shall see that such agent has noted underneath the Taluk official's endorsement, "Contents received and booked," with the date and hour of receipt at the Depôt, and "the balance of stock of arrack or other spirit on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

8. All the passes dated and issued in any one month shall, on the 10th of the following month, (by which time all previous month's consignments shall have been duly received and disposed of) be brought, with a list giving the name of Depôt, number, date and contents of pass (gallons and drams), to the Amildar, who shall, after satisfying himself that the instructions given above have been fully complied with, score the pass across thus X in red ink from end to end, write the word "cancelled" across the face of each pass under his seal and signature, and send the list and the cancelled passes on to the Excise Commissioner. Passes dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental list sent with them.

9. Amildars shall keep a register in the appended Form K in which the duplicates of passes sent to them under Rule 3, shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate passes should be crossed thus X at the time the original is cancelled under Rule 8, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate pass, is not received within a reasonable time after the period allowed in the pass, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of passes should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

10. On receipt of the cancelled passes in the Excise Commissioner's Office, they shall be duly compared and verified with the duplicate cheques received under the above Rule 2, and with the accounts sent by the Assistant Supervisor or other officer in charge of the Distillery, and with the Accounts received from Bonded Depôts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer.

11. When consignments are received without a pass, the same shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the consignments on the security of the Government arrack-carrying Contractor's Agent in charge of the Bonded Depôt, intimating particulars to the Excise Commissioner, who will, after necessary enquiry, direct the issue of a special pass to cover the consignment. This special pass shall be in the same form and issued in the same manner as the ordinary passes, but on paper of different color, in the appended Form L. It shall be issued by the senior officer in charge of the Distillery, who will sign the same.

12. If the contents in gallons or the number as given in the original pass and its duplicate differ from those noted on the cask, the consignment shall be sent on to the Depôt with the precautions which are required to be taken under Rule 11, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination shall be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the pass, the cask shall not be sent to the Depôt, but kept with the Amildar, the matter being reported to the Central Distillery. The Government Contractor's Agent in charge of the Bonded Depôt shall at once apply for fresh stock by telegraph if possible.

13. When any consignment is forwarded by railway, the original pass together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him, shall receive the consignment and deal with it under the provisions of the foregoing rules.

Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding Rs. 50.

15. On the Manufacturer delivering the cheques referred to in the above Rule 2, the Officer in charge of the Bangalore District

Treasury, shall pay him the money therein mentioned as an advance which shall be adjusted as explained in the following rule.

16. Of the amounts paid by the licensees into Treasuries as per Receipt G under condition (6) of para 5 of Rule XXI, the price of arrack shall be credited to the head "Remittance Deposits," the duty alone being credited at once to the appropriate budget head "Excise Revenue." The counterfoil of the Rahadari shall be retained in the Distillery Office. The rahadari, its duplicate and counterfoil shall all have the same serial number printed on them. But to keepers of Separate shops, printed permit books in the same form shall be supplied at their own cost. When each shop-keeper sends for his supply of arrack his permit book shall be presented to the Government Contractor's Agent in charge of any Bonded Depôt, who issues the arrack. The Contractor's Agent shall make necessary entries in the book under his seal and signature, and send it with the consignment. Such permit books shall also be kept by the shop-keepers under the Vend farmers to transport their supplies from the Bonded Depôts or Farmers' Depôts, as the case may be, the necessary entries in the books being made by the Contractor's Agents in charge of the Bonded Depôts or by the licensees in charge of the Farm Depôts. 3. The contents of the rahadari shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies and other irregularities discovered shall be reported to the Deputy Commissioner and to the Officer in charge of the Distillery for necessary action.

4. The date and hour of receipt shall then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.

5. The rahadari shall at once be sent back by the depôt licensee to the Government official appointed by the Amildar, who shall see that the licensee has noted underneath the Taluk official's endorsement "Contents received and booked," with the date and hour of receipt at the depôt, and "the balance of stock of arrack on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

6. All the rahadaris dated and issued in any one month and the extracts referred to in the above Rule 1 shall, on the 10th of the following month, (by which time all previous months' consignments shall have been duly received and disposed of) be brought with a "Patti" giving name of depot, number, date and contents of rahadaris (gallons, drams), and extracts to the Amildar who will, after satisfying himself that the instructions given above have been fully complied with, score the rahadaris and extracts across thus X in red ink from end to end, write the word "cancelled" across the face of each rahadari and extract under his seal and signature and send the "Patti" and the cancelled rahadaris and the extracts on to the Deputy Commissioner of the District. Rahadaris dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental "Patti" sent with them.

7. Amildars shall keep a register in the appended Form O, in which the duplicate rahadaris and extracts sent to them under Rule 1 shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate rahadaris should be crossed thus X at the time the original is cancelled under Rule 6, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of rahadaris should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

8. On receipt of the cancelled rahadaris and extracts at the District Office they shall be compared and verified with the figures in the monthly Abkari Revenue Statement Nos. 6 and 6A, the monthly accounts received from the Distillery and Bonded Depôts, and with Treasury B Accounts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer. The Statements Nos. 6 and 6A compiled for the whole District shall then be forwarded to the Excise Commissioner's Office, where they shall be compared and verified with the Treasury chellans or receipts (Forms E, F, G). The Excise Commissioner shall thereupon prepare Statements Nos. 6 and 6A for the whole Province and send them to the Dewan's Office after obtaining the Comptroller's certificate of credits; and he shall furnish the Comptroller with a monthly Abstract Statement of issues of arrack and other country spirits and special liquors from the Distillery, showing the amounts of the cheques issued in favor of the Manufacturer.

9. When consignments are received without a rahadari, they shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the consignments on the security of the depot licensee, intimating particulars to the Deputy Commissioner, who will, after

the necessary enquiry, direct the issue of a special rahadari to cover the consignments. This special rahadari shall be in the same form and issued in the same manner as the ordinary rahadaris, but on paper of a different color in the appended Form P.

10. If the contents in gallons or the number as given in the original rahadari and its duplicate differ from those noted on the cask, the consignment will be sent on to the depot with the precautions which are required to be taken under Rule 9, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination should be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the rahadari, the cask must not be sent to the depot but kept with the Amildar, and the matter reported to the Central Distillery. The farm depot licensee shall at once apply for fresh stock by telegraph, if possible.

11. When any consignment is sent by railway, the original rahadari together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him shall receive the consignment and deal with it under the provisions of the foregoing rules.

12. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding Rupees 50.

SALE OF ARRACK VEND FARMS OF 1897-98.

Notification, Camp No. 422—Ex., dated 17th March 1897.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months, beginning with 1st July 1897 and ending with 30th June 1898, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth ; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited ; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1897 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the Commercial Bank of India, who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.* at annas 2 per dram which is equal to $\frac{1}{5}\frac{1}{T}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Assistant Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of arrack to Bonded Depôts.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1897 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and re-sell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1897, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

REVENUE.

NOTIFICATION.

CAMP No. 371 EX., DATED 12TH MARCH 1897.

The following amended Rules, framed by the Government of Mysore under the provisions of the Excise Act XXII of 1881 as amended by Act VI of 1885, and extended to Mysore by Regulation III of 1885, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with :—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The manufacture of arrack and other country spirits, and management and supervision of the Distillery and Bonded Depôts;

PART II.—The grant of "Vend Farms" and "Separate Shops";

The sale and transport of arrack and other country spirits; and issue of licenses and passes; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF ARRACK AND OTHER COUNTRY SPIRITS, AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of arrack and other country spirits shall be disposed of, from time to time, in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions :—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors" within the meaning of clause (*a*) of Rule I in Government Notification No. 31, dated the 9th May 1889 and as amended in Government Notification No. 4, dated the 3rd April 1891, or of country beer.

2. The Manufacturer shall manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The rate of price at which the Manufacturer shall supply arrack to the Government, and to separate shop-keepers and renters of Vend Farms in defined tracts shall be fixed for 20° under-proof; for other single-distilled spirits of greater or less strength than 20 under-proof which may be specially manufactured and issued, under rules sanctioned by the Government, the price shall be calculated proportionately upon the price for 20° under-proof, in accordance with Casella's rules. But for double-distilled country spirits and other special liquors of whatever strength manufactured and issued with the approval of Government, the Manufacturer, as well as the person entitled to vend the same, shall be at liberty to fix his own prices.

4. The Manufacturer shall keep ordinarily the supply sufficient for a month's consumption, and never less than a minimum fixed by Government, in store at the Distillery. This minimum is fixed at 23,000 gallons of admissible spirit in terms of 20° under-proof, until further orders.

5. The Manufacturer will be allowed to purchase arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil arrack and other country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of arrack and other country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil arrack and other country spirits therein with the permission of the Government, he will be bound to keep in stock at such factory, such quantities of arrack and other country spirits as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish out-stills, giving the manufacturer the first refusal of so doing.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack, subject to such conditions as to the mode of manufacture, payment of duty, the agency for sale, and other matters, as the Government may prescribe on the application of the Manufacturer.

8. The Manufacturer shall, upon receipt by him of price at the rates fixed by his contract, sell the arrack and other country spirits at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. for the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. to separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore, and in other places to which the Separate Shop system may be extended;

3rd. to renters of Vend Farms to whom the Government may sell the right to vend arrack in defined tracts;

4th. to licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors," and for the sale of the same in Refreshment Rooms, and in Hotels and Boarding Houses.

III. The following rules shall regulate the relations of an in-coming Manufacturer to an out-going Manufacturer :—

1. The out-going Manufacturer shall give, and the in-coming Manufacturer shall take over, any arrack and other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

2. Should the in-coming Manufacturer so require, by at least one week's previous notice in writing, the out-going Manufacturer shall cease preparing "wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming Manufacturer commencing operations. Should no such notice be given, the out-going Manufacturer may continue distilling till the end of his contract, after which further distillation must cease.

3. The out-going Manufacturer shall sell, and the in-coming Manufacturer shall buy, all apparatus and stock and block belonging

to the out-going Manufacturer at the Government Central Distillery, Bangalore, for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going Manufacturer and to all other persons concerned by a Notification to be duly published in that behalf.

4. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

IV. The following rules shall regulate the management and supervision of the Distillery and the manufacture and storage of arrack and other country spirits and special liquors therein :—

1. The Distillery shall be opened at sun-rise and be closed at sun-set, except on Sundays and authorized holidays, when it will be closed. Under the special order of the Excise Commissioner, and on such conditions as he may prescribe, the Distillery may be worked during nights and on holidays to bring up stock or to meet urgent demand. The holidays herein referred to shall be such as may, from time to time, be prescribed by the Excise Commissioner.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or by any other officer appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody.

3. No arrack shall be taken out of the Distillery until it has been measured or weighed and tested by an official of Government appointed for that purpose.

4. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

5. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the senior officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack or other country spirit or special liquor after it has been made. Standard saccharometers by Long and Dring and Fage, for determining the gravity of the "wash" in its several stages till distillation, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. All "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the officer in charge.

6. The spirits manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the senior officer in charge of the Distillery, for the purpose of reducing the strength of the same. And if clear and pure spring water be available, it may be used for such purpose in lieu of distilled water, with the previous sanction of the Excise Commissioner.

7. The measure to be used at the Distillery shall be the standard imperial gallon; and $\frac{1}{57}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

8. Casella's and Cartier's hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

9. No weak spirits below 60° under-proof by Casella's or below 15° by Cartier's hydrometer, or faints, or hot or warm spirits of higher temperature than 90° Fah., or spirits tainted with venom or verdigris, shall be admitted into stores or used for blending purposes.

10. Spirit in any way discolored or with a burnt or bad smell, as well as faints, shall be re-distilled.

11. In stills which have not been worked for more than three days, distillation of ordinary wash may be carried on, provided that the spirit, which runs from stills during the first three hours from the commencement of such distillation, be re-distilled.

12. The Manufacturer shall keep true and correct accounts, in the prescribed forms, of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in, and issued from, the Distillery, and of all materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accounts, whenever required to do so, for inspection by the Excise Commissioner or any other officer appointed for the purpose.

V. The following rules shall be observed with regard to the issue of arrack and other country spirits and special liquors from the Distillery:—

1. Arrack and other country spirits shall ordinarily be issued at a strength of 20 under-proof, except in special cases hereinafter mentioned.

2. Should a Foreign Liquor shop-keeper desire to have spirits at a higher strength than the above, the spirits so issued shall be double-distilled spirits, which shall not be of a greater strength than 10° under-proof. Such spirits shall be issued from the Distillery in two dozen quart bottles, four dozen pints, and so on for lower denominations of flasks, as for English and other Foreign spirits; the bottles shall be paid for by the shop-keeper and the spirits shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the senior officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the senior officer will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such spirits may be sent in jars from the Distillery for the purpose.

3. The duty payable to Government for spirits supplied to foreign liquor shop-keepers shall be calculated proportionately on the rate prescribed per gallon of arrack 20° under-proof or at such other rate as may, from time to time, be fixed by Government. The accounts for such spirits shall be kept separately.

4. Should the aforesaid shop-keeper wish to have spirits of higher strength than 10° under-proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the spirits are intended. Under these special orders, such spirits shall be inserted in the shop-keeper's license, the fact being reported to the Excise Commissioner, for communication to the Distillery officer.

5. No arrack below 20 under-proof shall ordinarily be issued from the Distillery; but should there be a demand for arrack of lower strength than 20° under-proof, arrack at 30 under-proof may be specially issued from the Distillery, such arrack

being kept and accounted for separately both in the Distillery and in Bonded Depôts.

6. Old arrack (*i. e.*, arrack 10 days old or more than 10 days old,) shall, as a rule, be issued from the Distillery and shall be passed at 20° under-proof, for Depôts within 50 miles, and at 19·5° under-proof for Depots more than 50 miles, from the Distillery, and charged for at 20° under-proof. PART II.

The Grant of "Vend Farms" and "Separate Shops;" The Sale and Transport of Arrack and other Country Spirits and Issue of Licenses and Passes.

XVII. The period for which a "Vend farm" or a "Separate shop" shall be granted, shall be the period from the 1st July in any year to the 30th June following. Provided that, with the approval of Government, the "Vend farm" or "Separate shop" may be granted for a period extending to the 30th June of the second or third year succeeding the date of grant.

XVIII. For the purpose of "Vend farms," each District shall be divided into defined tracts, either by each Taluk or each Hobli, or by groups of Hoblis, according to local convenience and circumstances. In large towns and other places, where necessary, each shop in a specified locality may be separately given out.

XIX. The exclusive privilege of vending arrack in such tracts or "Separate shops" shall be disposed of by sale by public auction. The sales shall be conducted by the Deputy Commissioner or an Assistant Commissioner authorized by the Deputy Commissioner in that behalf.

XX. The results of sales shall be reported to the Excise Commissioner without delay.

XXI. The terms and conditions of sale and the grant of farms and issue of licenses shall be as follows:—

1. The exclusive privilege of selling arrack in defined tracts or separate shops in specified localities shall be put up to auction farm by farm or shop by shop, as the case may be, at upset prices, and each farm or each shop put up to auction, will be knocked down to the approved highest bidder above those prices, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise laws or rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person shall be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or Rs. 60 for each Separate shop in a specified locality, or such other reasonable amount as may be fixed by the officer conducting the sale; provided that the Government may at any time dispense with such initial deposit.

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm or shop being knocked down to him, and before the next farm or shop is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent in the case of a farm, and to $\frac{5}{8}$ths of a month's rent in the case of a shop.

(*e*) Within 15 days, or 7 days, as the case may be, from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent.

(*f*) If he fail to make either of the deposits aforesaid, the deposits already made shall be forfeited, the farm or shop shall be immediately resold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm or shop.

3. Resales effected under para 2 shall be at the risk of the defaulting bidder who shall forfeit all gain, and in the event of a loss by the resale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit shall be credited to Government.

4. The purchaser of the exclusive privilege of vend in each defined tract or separate shop in specified locality shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days, or seven days, as the case may be, mentioned in para 2 above. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be resold at the risk and loss of the first purchaser as set forth in paras 2 and 3, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

5. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the appended Form A, to the purchaser of each "Vend farm," and in the appended Form D to the purchaser of each "Separate shop", assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30 under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury on the prescribed printed chellans, in equal monthly instalments, commencing from the 1st month of the lease. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to resell the farm or separate shop as soon after the last day of the month as may be possible. Provided, however, that instead of reselling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay. The chellans shall be in triplicate in the appended Form E. The original shall accompany the Treasury "Daily Cash" account sent to the District Treasury, the duplicate shall be forwarded by the Taluk Treasury Officer to the Excise Commissioner's Office, and the triplicate retained with the renter.

(3) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm or separate shop. Provided, however, that where the farm or separate shop is resold or the farm is broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the resale of the farm or separate shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of resale.

(5) (*a*) The licensee shall purchase the arrack, at the prescribed rate, from the Manufacturer or obtain the same from a Bonded Depôt established as hereinafter provided.

(*b*) The licensee of every separate shop in the Cities of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance, for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(*c*) The rate payable as above under clauses (*a*) and (*b*) shall be in addition to Excise duty, which shall be prepaid into the Taluk Treasury, or into any other Government Treasury with the permission of the Deputy Commissioner, at such rate or rates for arrack of the strength of 20° under-proof as may be fixed by Government, from time to time, and proportionately for lower strengths, before the removal of the arrack from the Distillery or from any Bonded Depôt established as aforesaid.

(*d*) The licensee shall sell the arrack to the public at such rate or rates as may be fixed by Government, from time to time, for 20° under-proof and proportionately for lower strengths.

(6). (*a*) The licensee of every Vend Farm who obtains his supplies from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the appended Form F, which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered

to the Officer in charge of the Distillery, and the triplicate to be retained with the licensee. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack to the Manufacturer or his agent at the prescribed rate, obtaining a receipt from him therefor, the Assistant Supervisor or other Officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury Officer's receipt, and he shall forward the Treasury receipt to the Excise Commissioner's Office under his endorsement as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall then issue a rahadari in duplicate in the form hereinafter provided for the transport of arrack from the Distillery.

(*b*) The licensee of every Vend Farm who gets his supplies from a Bonded Depôt, shall pay both the price and duty at the prescribed rates into the Taluk Treasury and obtain a receipt in the appended Form G., which shall be in triplicate, the original to accompany the "Daily Cash" account to the District Treasury, the duplicate to be delivered to the official in charge of the Bonded Depôt, and the triplicate to be retained with the licensee. On production of such receipt and an indent, the Government Arrack Carrying Contractor's Agent in charge of the Bonded Depôt shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt which shall be dealt with as laid down in the last preceding clause. The arrack issued to the licensee's shops shall be covered by permits as hereinafter provided.

(*c*) The licensee of every Separate Shop shall pay the above duty and price to a special shroff, appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays; and shall obtain a receipt in the prescribed printed Form "G". On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) (*a*) Government may establish Depôts in any specified tracts and arrange through a Government Contractor or Agent or in Amani to supply such Depôts with the arrack required for the use of the renters of Vend Farms or Separate shop-kepers in specified localities. These Depôts shall be called "Bonded Depôts." In Districts for which such Bonded Depôts are established, they shall generally be at the localities where whole-sale Depôts existed on 31st March 1892, and serve the same tracts as the latter used to do. The Excise Commissioner shall have the power to alter the location of any existing Bonded Depot, or open additional Depots, should such a step not involve additional expenditure in carriage or storage. The Government contractor shall transport arrack and other country spirits from the Distillery to Bonded Depôts in his own casks, which shall be strong and sound. He shall also provide at his own cost cocks and taps, gallon measures and other prescribed measures for the use of each Bonded Depot.

(*b*) The Government contractor shall pay for the rent and establishment of Bonded Depots.

(c) The establishment at each Bonded Depôt shall be under the orders of the Government and of the Government contractor or his agent where one has been appointed for the working of Bonded Depôts.

(d) The license to be issued to the Government contractor's agent in charge of each Bonded Depôt shall be in the appended Form R., and the bond to be executed by the contractor shall be in the appended Form S.

(e) The licensee of every Vend Farm who draws his supplies from the Distillery shall maintain at a place or places within his farm, where it may be considered necessary by the Deputy Commissioner, a depôt or depôts, to which all arrack purchased by him shall be conveyed in his own casks for verification, &c., of the consignment, under the rules hereinafter provided, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B. hereto appended.

(f) The licensee of every Vend Farm who draws his supplies from a Bonded Depôt established by Government will not be required to open his own depôt as laid down in the last preceding clause, or to provide himself with his own casks. In such cases the Government contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the aforesaid Bonded Depôt.

(g) The licensee of every Separate shop shall take his supplies of arrack in his own vessels from the Bonded Depôt to which it is attched.

(8) The arrack shall be sold as issued from the Distillery or Bonded Depôt, and shall not be adulterated or diluted in any manner in the farm depots, if any, or in shops.

(9) The licensee of every Vend Farm or Separate shop shall keep true accounts of the quantity and strength of the arrack purchased by him and issued.

(10) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(11) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(12) The licensee of every Vend Farm shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(13) The licensee of every Vend Farm or Separate shop shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going Farmer or Separate shop-keeper, as the case may be, on the first day of his lease, in the Bonded Depôts or Farm Depots or in shops, paying to the out-going Farmer or Separate shop-keeper such compensation for the same as may be fixed by the Excise Commissioner.

(14) The licensee shall be bound by the provisions of the Excise laws and rules in force and by any additional rules which may, from time to time, be prescribed under the Excise laws. The licensee shall use such measures as may, from time to time, be prescribed by Government.

(15) The lease shall not be transferrable except with the permission of the Excise Commissioner.

(16) The Deputy Commissioner shall grant to each shop under the Vend farmers, a license in the appended Form C.

(17) Resignations of Farms in whole or in part, and of Separate shops, shall be summarily rejected by the Deputy Commissioner.

6. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his Farm or Separate shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee of each Vend Farm a fine not exceeding the sum of Rs. 50, and of each Separate shop, a fine not exceeding Rs. 10, for every such breach or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and resell the exclusive privilege at the risk of the licensee, or to place the Farm or Separate shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on the first day of the first month of the lease, shall be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of Land Revenue.

7. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

XXII. No arrack in cask shall be conveyed from the Distillery unless the name of the Distillery and the quantity, nature and strength of the arrack contained in the cask and the name of its destination are legibly painted, branded or cut on one end of such cask.

XXIII. A sufficient supply of casks to issue arrack to Bonded Depôts, shall be kept in the Central Distillery or at any other place fixed for the purpose, by the Government contractor for the distribution of arrack to Bonded Depôts, under the supervision of the Assistant Supervisor or other Officer in charge of the Distillery. The serial number, name of the Distillery and capacity shall be legibly painted, branded or cut on the head of each of the casks. The casks for the hot weather shall be measured in February and those for the cold weather in August; the date of measure shall also be painted on each cask. Provided, that when the gauging is made by weighment, the measurement of casks may be dispensed with. A supply of tin plates with the names of the Bonded Depôts painted or cut on them, shall also be kept in the Distillery at the cost of the distributing contractor. Before issuing any cask, the plate containing the name of the Bonded Depôt for which the consignment is intended, shall be fastened on to it.

XXIV. The following rules shall be observed for issuing arrack and other country spirits from the Distillery to Bonded Depôts, for the exercise of proper check over such consignments, and for the disposal of the passes which accompany them :—

1. For supplies of arrack or other country spirits, the contractor's agent in charge of the Bonded Depôts, shall send to the Assist-

ant Supervisor or other Officer in charge of the Distillery, an indent in the appended Form H, showing the number of casks, jars or bottles of the same, wanted.

2. The Assistant Supervisor or other officer aforesaid shall, thereupon, fill in the requisite number of casks, jars or bottles with the arrack or other spirit indented for, and issue a cheque in favor of the Manufacturer, on the Bangalore District Treasury, for the amount due to him on account of such arrack or other spirit, in the Appended Form I, which shall be kept in triplicate, the original to be given to the Manufacturer, the duplicate sent to the Excise Commissioner's office at the close of each day, and the triplicate or counterfoil retained with the Assistant Supervisor or other officer aforesaid.

3. The consignment shall be covered by a pass in the appended Form J, which shall be kept in triplicate, the original to be entrusted to the person accompanying the consignment, the duplicate forwarded to the Amildar of the Taluk in which the Bonded Depôt is situated, and the triplicate retained in the Distillery.

4. The consignment and the pass shall first be taken to the Amildar, or during his absence, to the Sheristadar, if the Depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the Depôt is in any outlying town or village in his Taluk.

5. The contents of the pass shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies or other irregularities discovered shall be reported to the Deputy Commissioner, and to the Officer in charge of the Distillery for necessary action.

6. The date and hour of receipt shall then be recorded on the back of the pass under the signature and designation of the Amildar or Sheristadar or other official appointed by the Amildar for this purpose, and the consignment then passed on to the Depôt to be there booked.

7. The pass shall at once be sent back by the contractor's agent in charge of the Depôt to the Government official appointed by the Amildar, who shall see that such agent has noted underneath the Taluk official's endorsement, "Contents received and booked;" with the date and hour of receipt at the Depôt, and "the balance of stock of arrack or other spirit on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

8. All the passes dated and issued in any one month shall, on the 10th of the following month, (by which time all previous month's consignments shall have been duly received and disposed of) be brought, with a list giving the name of Depôt, number, date and contents of pass (gallons and drams), to the Amildar, who shall, after satisfying himself that the instructions given above have been fully complied with, score the pass across thus X in red ink from end to end, write the word "cancelled" across the face of each pass under his seal and signature, and send the list and the cancelled passes on to the Excise Commissioner. Passes dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental list sent with them.

9. Amildars shall keep a register in the appended Form K in which the duplicates of passes sent to them under Rule 3, shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate passes should be crossed thus X at the time the original is cancelled under Rule 8, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate pass, is not received within a reasonable time after the period allowed in the pass, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of passes should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

10. On receipt of the cancelled passes in the Excise Commissioner's Office, they shall be duly compared and verified with the duplicate cheques received under the above Rule 2, and with the accounts sent by the Assistant Supervisor or other officer in charge of the Distillery, and with the Accounts received from Bonded Depôts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer.

11. When consignments are received without a pass, the same shall be attached, and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the consignments on the security of the Government arrack-carrying Contractor's Agent in charge of the Bonded Depôt, intimating particulars to the Excise Commissioner, who will, after necessary enquiry, direct the issue of a special pass to cover the consignment. This special pass shall be in the same form and issued in the same manner as the ordinary passes, but on paper of different color, in the appended Form L. It shall be issued by the senior officer in charge of the Distillery, who will sign the same.

12. If the contents in gallons or the number as given in the original pass and its duplicate differ from those noted on the cask, the consignment shall be sent on to the Depôt with the precautions which are required to be taken under Rule 11, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination shall be forwarded by the Amildar to the Deputy Commissioner. If the place given on the cask differs from that entered in the pass, the cask shall not be sent to the Depôt, but kept with the Amildar, the matter being reported to the Central Distillery. The Government Contractor's Agent in charge of the Bonded Depôt shall at once apply for fresh stock by telegraph if possible.

13. When any consignment is forwarded by railway, the original pass together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him, shall receive the consignment and deal with it under the provisions of the foregoing rules.

14. Any cartman or other person entrusted with the consignment, omitting or neglecting to exercise due care and attention in regard to the consignment, or failing to deliver it within the limited time without sufficient excuse, shall be punishable departmentally by the Deputy Commissioner with a fine not exceeding Rs. 50.

15. On the Manufacturer delivering the cheques referred to in the above Rule 2, the Officer in charge of the Bangalore District

Treasury, shall pay him the money therein mentioned as an advance which shall be adjusted as explained in the following rule.

16. Of the amounts paid by the licensees into Treasuries as per Receipt G under condition (6) of para 5 of Rule XXI, the price of arrack shall be credited to the head "Remittance Deposits," the duty alone being credited at once to the appropriate budget head "Excise Revenue." The Treasury Officer shall transfer at the end of each month all the money under "Remittance Deposits" to the Bangalore District Treasury by means of "Public Service Remittance Transfer Receipt," towards the adjustment of the advances made to the Manufacturer under the last preceding rule. The Treasury Officer, Bangalore District, shall forward to the Comptroller a monthly report of the Excise advances in the appended Form Q.

XXV. The following rules shall be observed for exercising proper check over consignments of arrack sent from the Distillery to the Depôts under the "Vend farmers" who draw their supplies direct from the Distillery, and over issues of arrack from Bonded Depôts and Farm Depôts to the shop-keepers under Vend farmers and from Bonded Depôts to Separate shop-keepers :—

1. Every consignment from a Distillery shall be covered by a rahadari in the appended Form M, which shall be sent with the person accompanying the consignment as proof of his authority to carry ; a duplicate thereof shall, at the same time, be sent on to the Amildar of the Taluk in which is situated the depôt to which the consignment is made. The counterfoil of the Rahadari shall be retained in the Distillery Office. The rahadari, its duplicate and counterfoil shall all have the same serial number printed on them. But to keepers of Separate shops, printed permit books in the same form shall be supplied at their own cost. When each shop-keeper sends for his supply of arrack his permit book shall be presented to the Government Contractor's Agent in charge of any Bonded Depôt, who issues the arrack. The Contractor's Agent shall make necessary entries in the book under his seal and signature, and send it with the consignment. Such permit books shall also be kept by the shop-keepers under the Vend farmers to transport their supplies from the Bonded Depôts or Farmers' Depôts, as the case may be, the necessary entries in the books being made by the Contractor's Agents in charge of the Bonded Depôts or by the licensees in charge of the Farm Depôts. At the close of each day's issues, the Government Contractor's Agent shall prepare an extract from his register of daily issues to the farmers and Separate shop-keepers in the appended Form N, and forward it on the morning of the day following to the Amildar of the Taluk in which the farms or separate shops are situated.
2. The consignments and the rahadaris shall first be taken to the Amildar or the Sheristadar during the Amildar's absence, if the Farmer's Depôt is situated at Taluk head-quarters, or to such other official as the Amildar may depute for this purpose, if the depôt is in any outlying town in his Taluk.
3. The contents of the rahadari shall be compared with the duplicate received by the Amildar, as well as with the details painted on the casks, and the seals, &c., on the casks examined. Discrepancies and other irregularities discovered shall be reported to the Deputy Commissioner and to the Officer in charge of the Distillery for necessary action.
4. The date and hour of receipt shall then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.

5. The rahadari shall at once be sent back by the depôt licensee to the Government official appointed by the Amildar, who shall see that the licensee has noted underneath the Taluk official's endorsement "Contents received and booked," with the date and hour of receipt at the depôt, and "the balance of stock of arrack on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

6. All the rahadaris dated and issued in any one month and the extracts referred to in the above Rule 1 shall, on the 10th of the following month, (by which time all previous months' consignments shall have been duly received and disposed of) be brought with a "Patti" giving name of depot, number, date and contents of rahadaris (gallons, drams), and extracts to the Amildar who will, after satisfying himself that the instructions given above have been fully complied with, score the rahadaris and extracts across thus X in red ink from end to end, write the word "cancelled" across the face of each rahadari and extract under his seal and signature and send the "Patti" and the cancelled rahadaris and the extracts on to the Deputy Commissioner of the District. Rahadaris dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, shall be dealt with as above, and a supplemental "Patti" sent with them.

7. Amildars shall keep a register in the appended Form O, in which the duplicate rahadaris and extracts sent to them under Rule 1 shall be entered. The particulars should be entered in this register in abstract as soon as they are received. The duplicate rahadaris should be crossed thus X at the time the original is cancelled under Rule 6, and the corresponding entry in the register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of rahadaris should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

8. On receipt of the cancelled rahadaris and extracts at the District Office they shall be compared and verified with the figures in the monthly Abkari Revenue Statement Nos. 6 and 6A, the monthly accounts received from the Distillery and Bonded Depôts, and with Treasury B Accounts, and then filed till six months after each lease has been closed, when they may be destroyed under the supervision of some responsible officer. If the place given on the cask differs from that entered in the rahadari, the cask must not be sent to the depot but kept with the Amildar, and the matter reported to the Central Distillery. The farm depot licensee shall at once apply for fresh stock by telegraph, if possible.

11. When any consignment is sent by railway, the original rahadari together with the railway receipt shall be forwarded to the Amildar of the Taluk in which the place of destination is situated. On the arrival of the consignment, the Amildar or other official deputed by him shall receive the consignment and deal with it under the provisions of the foregoing rules.
